

Giant Airliner Bursts Into Flames Over Atlantic

Treason Trial Begins

Mrs. Iva Toguri d'Aquino, better known as Tokyo Rose, and Deputy U.S. Marshal Herbert R. Cole leave the latter's office for Federal Court and the beginning of Mrs. d'Aquino's treason trial in San Francisco. The 33-year-old American of Japanese descent is accused of betraying her native land by broadcasting radio programs meant "to undermine the morale of Allied troops." She faces a possible maximum penalty of death and a minimum penalty of five years in prison, plus a \$10,000 fine if convicted. (NEA Photo)

U.S. Heat Wave Seems About To Set Record

The worst heat wave of the year seemed likely to break all-time records today as the nation counted more than 400 deaths from the soaring temperatures. Almost everywhere from the Rocky Mountains to the east coast, the weather bureau predicted "continued hot and humid." Scattered showers brought temporary relief to some areas, but the mercury climbed right back to extreme readings as soon as the rain stopped. The east coast drought went into its 12th day with showers teasing farmers who had lost an estimated \$70,000,000 in crops. A United Press survey showed that 411 persons had died as

Truman Says World Moving Slowly Toward Peace

WASHINGTON (AP)—President Truman said today the world is moving slowly and gradually toward peace. At the same time, he said no steps can be taken looking to disarmament until there is agreement under which the United Nations have firm control. Truman's remarks at a press conference were prompted by the prediction of Senator Arthur Vandenberg (Rep., Mich.) that, after the Senate ratifies the Atlantic Pact, President Truman will lead a new crusade for world peace. The President said he expects to keep up the crusade he has been making.

East-West German Struggle Outwardly More Peaceful

BERLIN (UP)—The east-west struggle over Germany and Berlin appeared to be entering a new and outwardly more peaceful phase. For the first time since 1945-46 the Russians were showing a somewhat conciliatory attitude, an appearance of wanting to do business with the western powers. Concrete developments were imminent which gave promise of proving or disproving the trend toward some kind of four-power co-operation. Western officials said the next four-power meetings probably

Press Of Britain Scores Laborites On Finance Crisis

LONDON (UP)—Britain's Socialist government looked today for American help to save it from bankruptcy, but the nation's press took it to task for not doing more itself to meet the crisis. Chancellor of the Exchequer Sir Stafford Cripps formally will ask the United States to help Britain overcome its worst postwar financial crisis at a conference beginning tomorrow with U.S. Secretary of the Treasury John W. Snyder.

U.S. Ambassador to Britain Lewis Douglas returned from Paris today and began preparations for Snyder's consultations. He arranged for the secretary to see Foreign Secretary Ernest Bevin as well as Cripps tomorrow afternoon. The talks between Britain and the dollar area representatives—both U.S. and Canadian—actually will get under way in the morning when Cripps sees Canadian Finance Minister Douglas C. Abbott.

Failure of the talks to find some starting formula for a long-range solution of Britain's dollar problem may provoke a government crisis, when the issue is debated in the Commons next week.

EMBARGO SET Cripps announced in Commons Wednesday that Britain in the meantime will clamp an embargo on further purchases from the United States and take other emergency measures to stem the drain on its gold and dollar reserves.

Snapped the Financial Times in one of its angriest editorials in months: "Why is it impossible for this government to contemplate action commensurate with the gravity of the crisis? One reason, admittedly, is that the crisis is not a British crisis alone."

"But there is another more important. The government is determined to preserve the ark of Socialism, come what may. This crisis cannot be dealt with in ostentatious manner. It is a crisis for the country. And it would be well for the country if it produced a crisis for the government."

The Financial Times commented bitterly that experience already had shown that "first-aid measures of this restrictive sort offer no remedy." At best they can only buy time for the necessary adjustments in economic policy required to stem the tide. "The time has come to face the real challenge."

Meeting Today May Settle Fish Strike

VANCOUVER (CP)—Union officials and salmon operators are meeting today to discuss further an undisclosed settlement proposal made Wednesday night. Salmon seine boats still are in harbor pending settlement of the dispute between the operators and the United Fishermen and Allied Workers' Union (T.L.C.).

The seiners demand the right to sell catches to the highest bidder on the fishing ground, while the operators want catches consigned only to them if they lease the boats.

Weather Forecast Clear today; cloudy tonight and tomorrow with sunny intervals. Light winds and little change in temperature. Low tonight, 50; high Friday, 68.

Tear Gas, Hose Put End To Toronto Jail Break Attempt

TORONTO (CP)—Eighteen long-term prisoners in Toronto's Don Jail made an unsuccessful break for freedom today in which one guard was slugged into unconsciousness with an iron pipe and the jail shower-room was wrecked.

Armed guards subdued the prisoners with hose and tear gas while more than 100 city police officers were summoned to the jail as a precautionary measure.

The attempt was quickly controlled. Guard William Wallace, a veteran attendant, was taken to hospital with head wounds. His injuries were not immediately known.

Jail authorities said the intended break was well planned, though another official termed it a "silly" attempt.

It came when the 18 prisoners, attended by Wallace and another guard, were trooping into the shower-room.

\$10,000 India Rug Badly Damaged In Pacific Club Fire

A \$10,000 India rug bought by the club in 1908 was partially destroyed by fire which broke out in the Pacific Club, top floor of the Pemberton Building during the early hours of this morning.

Firemen, called at 4:23 by the building nightwatchman, kept the fire confined to the south-west corner mixed cocktail lounge and a portion of the dining-room.

Assistant Fire Chief Frank Eiders said the fire is believed to have been caused by smoker's carelessness. It started in one of the lounge chairs placed near the east wall of the lounge room, crept along the floor and climbed the wall and did some damage to the dining-room.

The assistant chief said considerable smoke damage was done to the club. Jack Chadwick, secretary of the club, said the rug damaged by the blaze was imported from India for the club.

Firemen still were on the job six hours later to guard against a recurrence.

'Flaming Sign'

Senator Tom Connally (left), chairman of the Foreign Relations Committee, who made the opening appeal for approval of the North Atlantic Security Pact at the beginning of the debate in the U.S. Senate, confers with Senator Arthur Vandenberg (R-Mich.). Connally asked ratification of the pact as a "flaming sign" to Communism that it can advance only at the risk of war. (NEA Photo)

Truman Ready To Call For 'Arms To Europe'

WASHINGTON (UP)—With opposition to the Atlantic Pact crumbling, the administration was reported today to ask Congress to speed action on the billion-dollar arms-for-Europe program.

Administration sources said President Truman will submit the plan to Congress as soon as the Senate ratifies the pact. They said he will make a strong plea for approval of the arms program before Congress quits for the summer.

Administration leaders were hopeful the pact would be ratified by tomorrow. They predicted that only about a half-dozen votes will be cast against it.

The arms program, which is a corollary to the pact, would authorize the administration to send guns, tanks, and planes to

pact powers and other free nations of the world. Its initial cost has been set at \$1,450,000,000. Chairman John Kee, D-W.Va., of the House Foreign Affairs committee told newsmen the arms bill will receive "top priority" before his group.

URGES HEARINGS "My idea is to hold hearings," he said, "and report it to the House and, if possible, get it through this session."

The arms program is certain to arouse more opposition than the Atlantic Treaty. Several leading Senators have served notice that, although they intend to vote for the pact, they are not certain they will go along on the supplementary measure.

Nevertheless, administration sources were confident they could get a vote on the arms program before adjournment.

Korean Reds Tell U.N. To 'Get Out'; Ask National Vote

SEOUL (AP)—Communist North Korea's "Democratic Front" today ordered the United Nations Commission on Korea to get out at once. The message was delivered in the ordinary mail. Mail is exchanged once a week at the 38th parallel which divides Red Korea from the independent South. The letter said the "Democratic Front" would sponsor a country-wide election in September to elect a representative body for all of Korea.

For a year South Korea has been ruled by an assembly elected under United Nations sponsorship. North Koreans have refused to occupy 100 seats reserved for them in the National Assembly. Likewise they have shut their borders to U.N. representatives.

Sporadic fighting has ensued along the dividing line. At present a small scale war is under way in Ongjin Peninsula north of here.

63 Aboard Landed Safely As Plane Limps 600 Miles

SHANNON, Ireland (UP)—Pan-American Airline's swanky strato-cruiser America, carrying 63 persons on a flight from London to New York, caught fire over the Atlantic today, but limped 600 miles back to Shannon on three engines and landed safely. The 53 passengers and 10 crew members donned life jackets and readied life rafts in preparation for "ditching" the luxurious new airliner before the fire burned out.

Comedian Danny Kaye, tennis stars Louise Brough and Margaret du Pont, and Paul V. McNutt, former U.S. Ambassador to the Philippines, were among passengers aboard the plane. The fire burned in the right outboard engine for 45 minutes, then flickered out without spreading to the remainder of the big double-decked airliner. A dozen fire trucks stood by as the plane came down here.

TOOK LONG DIVE There was no panic aboard the plane, but the pilot gave some aboard a fright when he powered down from 19,000 to 6,000 feet in a futile attempt to extinguish the flames.

"It was absolutely terrifying," said McNutt. But two babies slept peacefully in their mother's arms throughout the flight. Two Royal Air Force Liberators escorted the airliner on the last lap of its return flight to Shannon.

Kaye told newsmen as he stepped from the plane he was "never in such a flap in my life."

"We were told we might go down in the ocean," he said. "While I can swim 600 miles is out of my range."

KEPT SPIRITS UP Miss Brough said she "couldn't help laughing at Danny Kaye in his life jacket." Other passengers said Kaye walked the length of the plane and cracked jokes to cheer the passengers during their ordeal.

Strato-cruisers have been in operation about six weeks on Pan American's Atlantic division as an extra-fare service between New York and London. They have 18 berths and 30 sleeperettes, plus a cocktail lounge in the tail.

BANGOR, Me. (AP)—A \$1,500,000 blaze laid waste a quarter-mile of Bangor's waterfront early today.

Five fuel plants, a bus garage, and storehouses of a hardware and plumbing supply firm were leveled. Drums of gasoline and oil caused explosions.

Four big gasoline and oil tanks were in danger for more than 69 hours. At times the flames licked the sides of the tanks.

A national guard battery was turned out to help police control the crowds around the fire zone. Several firemen overcome by smoke were the only reported casualties.

Both Saanich police and firemen today said that the five separate fires which have burned over a large section of Ten Mile Point in the area around Double Hill since Tuesday afternoon, "has the earmarks of the work of a firebug."

Police are continuing investigation. Weary and begrimed Saanich fire fighters finally got the last of the blazes out shortly after midnight.

Fire Chief Joseph Law said a crew remained on the scene during the night. They were replaced this morning by another crew for more "wet-ditching" work and to guard against fresh outbreaks.

Firemen had the blaze which started Tuesday afternoon and covered several acres under control yesterday when three fresh outbreaks occurred, in separate places and at different times—which is one of the reasons incendiary is suspected.

Saanich fire department used all available equipment and called in a half-dozen off-shift men to combat the fires, which, fanned by a powerful wind, sent sparks into the tree-tops.

Main concern of firemen was to prevent the fire from spreading toward dwellings about a quarter of a mile away.

Firemen laid 7,000 feet of hose to combat the fires.

British Soldiers Man Docks

LONDON (UP)—Soldiers and sailors marched into London's docks today and began to unload vital food cargoes from strike-bound ships.

Sailors from Chatham were assigned to man docksides cranes and winches. Guards took over the work of striking longshoremen. Royal Air Force units near London were ordered to stand by.

It was the government's first direct move to break the wildcat longshoremen's strike that has tied up 500,000 tons of cargo in the Port of London.

Confronted by the spectacle of troops taking over their jobs, the Amalgamated Stevedores' and Workers' Union announced its members would vote tomorrow on returning to work. They comprise 75 per cent of the 9,000 strikers.

The strike was called in support of striking Canadian seamen. The strikers have offered to work non-Canadian ships, but employers say they must work all ships if they return.

Faulkner Early Leader In British Golf Tournament

SANDWICH, Eng. (CP)—Max Faulkner of Britain today swept into an early lead in the British Open golf championship, matching his previous 71 for a total of 142.

Earlier, Frank Stranahan of Toledo, O., Canadian amateur champion, held a three-way tie for the lead. He fired a one-over-par 73 to go with his first-round 71 for 144.

Jimmy Adams, the rotund Scotsman who led after the first round with a sizzling 67, zoomed to a 77 today but still was tied with Stranahan.

Bobby Locke, South African ace favored to win the title, had a 69 yesterday but could do no better than 76 today for a 145 total.

Art Lees, British Ryder Cup player, was the only one to break par among the early finishers. He had a 70, compared to 74 yesterday, and joined Stranahan and Adams with 144.

Suspect Fire Bug Active In Saanich Bush Blazes

Both Saanich police and firemen today said that the five separate fires which have burned over a large section of Ten Mile Point in the area around Double Hill since Tuesday afternoon, "has the earmarks of the work of a firebug."

Police are continuing investigation. Weary and begrimed Saanich fire fighters finally got the last of the blazes out shortly after midnight.

Fire Chief Joseph Law said a crew remained on the scene during the night. They were replaced this morning by another crew for more "wet-ditching" work and to guard against fresh outbreaks.

Firemen had the blaze which started Tuesday afternoon and covered several acres under control yesterday when three fresh outbreaks occurred, in separate places and at different times—which is one of the reasons incendiary is suspected.

Saanich fire department used all available equipment and called in a half-dozen off-shift men to combat the fires, which, fanned by a powerful wind, sent sparks into the tree-tops.

Main concern of firemen was to prevent the fire from spreading toward dwellings about a quarter of a mile away. Firemen laid 7,000 feet of hose to combat the fires.

British Troops Unload Struck Food Ships

Big Airliner On Fire Over Atlantic, Safe

SHANNON, Ireland (UP)—Pan-American Airline's swanky strato-cruiser America, carrying 63 persons on a flight from London to New York, caught fire over the Atlantic today, but limped 600 miles back to Shannon on three engines and landed safely.

The 53 passengers and 10 crew members donned life jackets and readied life rafts in preparation for "ditching" the luxurious new airliner before the fire burned out.

Hiss Jury Told He Is Like Judas

NEW YORK (UP)—The government called Alger Hiss with Judas Iscariot and Benedict Arnold today in asking a federal court jury to convict the 44-year-old former State Department official of perjury.

Assistant U.S. Attorney Thomas F. Murphy, summing up for the government as the Hiss trial neared its decision, said the "uncontradicted facts" could give the jurors but one inference.

"That this defendant—this man, intelligent, American-born, gave government documents to Whittaker Chambers,"

Truman Says He's Optimistic On Economic Outlook

WASHINGTON (AP)—President Truman said today he feels bullish about the economic situation.

The President made this comment during a press conference. Questioned about the economic message he will send to Congress next week, he told reporters to wait for it.

But, when he was asked if he felt bullish or bearish on the economic situation, he said he was bullish.

In the language of stock traders, a "bull" is one who expects the market to go higher and is generally optimistic. A "bear" is one who is on the pessimistic side.

Motorist Charged With Manslaughter

William A. Drader, 3628 Douglas Street, 66-year-old postman, is charged with manslaughter before Magistrate H. C. Hall today in city police court.

Charge followed a July 1 incident into the traffic death of Mrs. Eleanor Davenport, 72, of 74 Hewlett Place, from injuries sustained in an accident at Fort Quadra May 14.

Patrick J. Sinnott appeared as defence counsel and agreed with L. Harrison, city prosecutor, to have the preliminary hearing at Monday.

Drader has been released from study on \$2,500 bail.

Tear Gas, Hose Crush Toronto Jail Break Attempt

TORONTO (CP)—Eighteen long-term prisoners in Toronto's B. Jail made an unsuccessful break for freedom today in which a guard was slugged into unconsciousness with an iron pipe and the jail shower room was wrecked.

Armed guards subdued the prisoners with tear gas and hoses. More than 100 city police officers were summoned to the jail as a precautionary measure.

Comedian Danny Kaye, tennis stars Louise Brough and Margaret du Pont, and Paul V. McNutt, former U.S. Ambassador to the Philippines, were among passengers aboard the plane.

The fire burned in the right outboard engine for 45 minutes, then flickered out without spreading to the remainder of the big double-decked airliner. A dozen fire trucks stood by as the plane came down here.

TOOK LONG DIVE

There was no panic aboard the plane, but the pilot gave some aboard a fright when he powered down from 19,000 to 6,000 feet in a futile attempt to extinguish the flames.

"It was absolutely terrifying," said McNutt.

But two babies slept peacefully in their mother's arms throughout the flight. Two Royal Air Force Liberators escorted the airliner on the last lap of its return flight to Shannon.

Kaye told newsmen as he stepped from the plane he was "never in such a flap in my life."

"We were told we might go down in the ocean," he said. "While I can swim, 600 miles is out of my range."

KEPT SPIRITS UP

Miss Brough said she "couldn't help laughing at Danny Kaye in his life jacket." Other passengers said Kaye walked the length of the plane and cracked jokes to cheer the passengers during their ordeal.

Strato-cruisers have been in operation about six weeks on Pan American's Atlantic division as an extra-fare service between New York and London. They have 18 berths and 30 sleeperettes; plus a cocktail lounge in the tail.

Unexploded Depth Charge In Straits No Shipping Hazard

An unexploded depth charge is lying in 43 fathoms of waters 5.9 miles south of Trial Island light-house in the Straits of Juan de Fuca. The Department of Transport today warned mariners.

The depth charge was dropped during a practice exercise, but failed to explode, naval authorities state.

It was emphasized that there is no danger to navigation.

"The depth charge is lying on the bottom and will soon be covered with mud—it is definitely not considered a hazard to shipping," a spokesman commented.

The Department of Transport gives the exact location as latitude North 48 degrees 17 minutes 51 seconds; longitude West 123 degrees 17 minutes 45 seconds, 5.9 miles, bearing 177 degrees from Trial Island light station.

Pacific Club Fire Destroys \$10,000 India Rug

Smoker's carelessness was blamed by Fire Chief Robert T. Brindle as the cause of fire damage in the mixed cocktail lounge of the Pacific Club, Pemberton Building, early today. Fireman Gordon Smith is shown above cleaning up after the blaze. The fire spread to a \$10,000 rug imported from India in 1908, crept along the floor, up the east wall and penetrated into the dining-room. Alarm was sent in by the night-watchman at 4.32 when he discovered the smoke-filled club quarters. Smoke damage was extensive. Heat cracked a wall mirror in the lounge.

LATEST

Hold U.S. Consul

SHANGHAI (AP)—Vice-Consul William R. Olive, 32, of Ironton, Mo., was held incommunicado by Communist Shanghai police today following his arrest as a result of a traffic jam during a parade.

Dulles U.S. Senator

NEW YORK (UP)—Governor Thomas E. Dewey today appointed John Foster Dulles as interim U.S. Senator from New York until Dec. 1.

Seven Cars In Chase

VANCOUVER (CP)—Seven police cars, 14 constables and a revolver shot featured a chase which led to the capture of three Boys' Industrial School escapes early today. The youngsters, all aged 15, are now held on a charge of breaking and entering.

Sam King Takes Lead In British Golf Tournament

SANDWICH, Eng. (CP)—Sam King, British Ryder Cup veteran, today moved into the lead in the British Open golf championship when he carded a three-under-par 69 for a 36-hole total of 140.

King shot an eagle three on the 520-yard 14th hole, reaching the green in two, and canning a 20-foot putt.

Two strokes behind King, with most of the field in, came Max Faulkner, another Ryder cupper, and Bill Shankland, Australian-born British pro. Faulkner held the early lead with 71-71-142 but was tied later by Shankland with 69-73-142.

Frank Stranahan, Toledo, O., Canadian amateur champion, was four strokes off King's pace with 71-73-144.

Jehany Bulla, Phoenix, Ariz., professional playing out of Pittsburgh, matched Stranahan's score for the second straight day when he shot a 73 for a 36-hole total of 144.

At the end of the day's play it was announced that all entries with scores of 147 or under had qualified for the final 36 holes to be played tomorrow.

That left both Bulla and Stranahan in the running.

Ken Adwick of Britain, who had an opening 69, blew himself to an 80 today for a 149 which shunted him to the sidelines.

No Widespread Relief For U.S. In Heat Wave

NEW YORK (AP)—It was more hot and humid weather for most of the eastern two-thirds of the United States again today. No widespread relief was in sight from the week-long heat wave.

Meanwhile, crop losses in the drought-stricken northeastern states increased and no heavy rains were forecast.

Deaths attributed to the hot weather mounted to at least 153. Cool air fanned out over the dry-stricken areas of New England and New York State Wednesday and rain fell in some parts of the eastern states.

New York City got its heaviest wetting in weeks—a half-inch rainfall. That was more than fell in the metropolis during the entire month of June. The mercury was a pleasant 81 Wednesday and dropped to 71 early today. Scattered showers brought relief to other parts of New York State.

New Jersey, where crops have suffered millions of dollars' damage from 45 days of drought, also got some rain, but not enough to help the wilting crops.

Crop losses in Massachusetts, Rhode Island and Connecticut are running between \$5,000,000 and \$10,000,000, farm experts said. They may total \$30,000,000 if there is no rain within a week.

Truman Says World Moving Slowly Toward Peace

WASHINGTON (AP)—President Truman said today the world is moving slowly and gradually toward peace.

At the same time, he said no steps can be taken looking to disarmament until there is agreement under which the United Nations have firm control.

Question Arson Suspect In Ten Mile Point Bush Fires

One suspect has been questioned and cleared and Saanich police are continuing investigations today to uncover a "fire bug" believed responsible for the several fires which raged over Ten Mile Point's Double Hill area continuously from Tuesday afternoon to last midnight.

Both police and fire officials say outbreaks have the earmarks of the work of a "fire bug."

Weary and begrimed Saanich fire fighters finally got the last of the blazes out shortly after midnight.

Fire Chief Joseph Law said a crew remained on the scene during the night. They were replaced today by another crew for more "wetting down" work and to guard against fresh outbreaks.

Firemen had the blaze which started Tuesday afternoon and covered several acres under control yesterday when three fresh outbreaks occurred, in separate places and at different times—which is one of the reasons incendiarianism is suspected.

Saanich fire department used all available equipment and called in a half-dozen off-shift men to combat the fires, which, fanned by a powerful wind, sent sparks into the tree-tops.

Main concern of firemen was to prevent the fire from spreading toward dwellings about a quarter of a mile away.

Firemen laid 7,000 feet of hose to combat the fires.

More Work Stoppages Reported As Drastic Move Gets Under Way

Design Of A-Bomb All New

WASHINGTON (AP)—An army general said today there has been a "complete model change" in the atomic bomb since the U.S. Atomic Energy Commission took over the project in 1947.

Brig. Gen. James McCormack, director of the commission's military application division, also said that all production bottlenecks "worthy of serious concern" now have been broken and weapons production is on a "stable basis."

McCormack testified at the Senate-House atomic energy committee's hearings on charges by Senator Hickenlooper (R-Iowa) that there has been "incredible mismanagement" of atomic projects under the commission and its chairman, David E. Lilienthal.

U.S. Consul's Staff Quitting Mukden

NANKING (AP)—The U.S. consulate staff in Mukden today was reported packing to leave the Manchurian city. The consulate has been isolated since last November when the Communists took the city.

City Would Oppose Higher Bus Fares, Says Ald. Diggon

Ald. Harold M. Diggon, chairman of the Greater Victoria transportation committee, said today the city would be "naturally opposed" to any attempt the B.C. Electric might make to boost bus fares in this city.

"It's natural the city will make every effort to oppose an application for increased bus fares unless proof is shown that such an application would be justified," he said.

The alderman's comment followed an announcement by E. W. Arnott, Vancouver Island vice-president of the B.C. Electric, who said the question of seeking an increase in Greater Victoria bus fares was being studied.

He was careful to point out that the company application filed Tuesday with the Public Utilities Commission concerned bus and streetcar rates in Vancouver only.

There, the company wants a straight 10-cent fare to replace the present ticket rate of three for 25c.

Single fares here are 10 cents and tickets sell at four for 30 cents. In addition, a weekly pass can be purchased for \$1.35.

A. E. Grauer, B.C. president, came to Victoria Wednesday to confer with members of the Public Utilities Commission on the Vancouver application.

Expect Egg Prices Higher Next Week

The egg market is holding firm and wholesalers are expecting prices to advance the first of next week.

Eggs are scarce, dealers report. If it were not for the fact Alberta is shipping eggs into B.C., there would be a definite shortage.

"Eggs are going to be very short this fall," one wholesaler predicted today. "The situation is going to grow worse from now on. There isn't much chance of any relief until October."

LONDON (CP)—Labor Minister George Isaacs today made a then-retracted announcement that 2,000 workers at the Smithfield Meat Market in London had quit work after troops started unloading meat from strikebound ships in London docks.

Some time after making the statement in the House of Commons, Isaacs intervened in the debate to withdraw the announcement, saying he had had the information "in good faith and on short order."

"I was unable to check it sufficiently," he said.

In his earlier statement he had said: "Certain food supplies now are being unloaded by service personnel."

The troops began unloading meat shortly after noon in the government's first move to get cargoes moving again at the London docks—idle since the men struck more than a week ago in support of the Canadian Seamen's Union.

More than 200 men from the Scots and Coldstream Guards took over the winches aboard the Argentina Star, which lies not far from the Canadian vessel Argomont. Soon afterward cases were being hustled into refrigerated trucks for transport to market.

Two hundred sailors and 100 Royal Marines were reported en route to the docks.

As the denim-clad troops swung into their work, the National Dock Labor Board also announced further work stoppages. In St. Catherine's dock 250 workers quit in protest against military "intervention" and 2,750 men employed in London docks scheduled a meeting for tomorrow to decide their policy.

There was no comment from either the C.S.U., the dockers or port authorities on today's developments.

July 15 Deadline Set For City To Act On Housing Plan

Central Mortgage and Housing Corporation gave the city a little push today on the question of building more low-rent houses for veterans.

J. Allan Jones, regional supervisor of the government corporation, wrote from Vancouver that the city should come to some decision on a proposed 100-house project by July 15.

The corporation was attempting to finalize negotiations and complete agreements with all municipalities by Aug. 1. Mr. Jones said, so that tenders could be called and work proceeded with before the construction of the houses before the winter weather is here.

City Council did not do anything on the plans to build another 100 homes when it met last Tuesday and Mayor Percy George expressed surprise that a by-law, to authorize the project, had not been submitted.

It is expected the by-law will be ready for the next meeting of the council in two weeks, but that will be after the July 15 deadline set by Central Mortgage and Housing Corporation. A special meeting may be called to get the plans moving.

Pilot Critically Hurt When Plane Crashes In Alberta

EDSON, Alta. (CP)—Condition of Alfred Aho, Seattle pilot of a light aircraft which crashed near Wildwood, 70 miles west of Edmonton, Wednesday, is still critical, hospital authorities said today. Aho is still unconscious. He suffered head and internal injuries.

Condition of his two passengers, Ruth and Nancy Cameron of Anchorage, Alaska, also injured in the crash, was reported as "improving steadily." They suffered limb fractures and lacerations.

The crash occurred when Aho made an emergency landing after fuel was exhausted on an intended flight from Fort St. John to Edmonton.

First to reach the scene, Charles Soucy of Wildwood, rescued Aho and Nancy Cameron, who were unconscious.

B.C. Police Officer Third At Bisley

MONTREAL (UP)—Inspector Jake Young of the B.C. Police at Victoria placed third in Bisley's Lord Roberts' match, equivalent to the King's Prize in small bore rifle competition, Dominion marksmen headquarters announced today.

Jap Labor Crisis Worsens, Nears State Of Emergency

TOKYO (AP)—New violence marked Japan's worsening labor situation today.

A state of national emergency appeared in the offing.

Ibaragi prefecture miners joined in the general unrest. They protested and demonstrated against arrest of 19 of their number and dismissal of 200 more.

Evidence mounted to indicate the country's first political murder since the occupation. The victim was Sadanori Shimoyama, president of the National Railway Corporation.

Doctors said there were strong indications he had been dead at least 12 hours before the body was mangled by a speeding freight train in Tokyo Tuesday.

Shimoyama had just issued discharge notices to 30,000 of 95,000 rail workers scheduled to be let out under an American-sponsored retrenchment plan.

The miners' participation in the general unrest was a surprise.

Three thousand angry, milling miners paraded for several hours through the town of Takahagi, 75 miles north of Tokyo. Later union officials met police and demanded release of all miners arrested and return of the 200 discharged workers to their jobs.

One Woman's Day

By NANCY HODGES

COLOR CONTROVERSY

WHILE I WAS IN SEATTLE recently, it was my privilege to be an onlooker at one of the sessions of the American Association of University Women, which was then in national convention.

As it happened to be the session at which the controversial color question was aired, I watched with more than the usual interest to see what the reaction of these women, who represent the cream of America's educated classes, would be to this contentious theme.

The issue came up in the form of a vote on the proposed statement of the national by-laws on membership policy. Dr. Gillie A. Larew, vice-president of the association's South Atlantic region and professor at Randolph-Macon women's college at Lynchburg, Va., brought the matter before the assembly.

SHARPLY CONTESTED

HER CONTENTION THAT a college degree should be the sole basis for membership in the national association, irrespective of birth or social position, touched off a score of arguments on the long and sharply contested issue.

As I soon discovered, it was not merely a case in which the Northerners took one side and the Southerners another. For Dr. Larew is a Southerner and many Southerners supported her view that only with a "broad and impersonal basis of membership," could the association hope to achieve its possibilities.

She reviewed the case which had led to the issue being raised. A Mrs. Mary Church Terrell, a Negro graduate of Oberlin College, Ohio, two years ago applied to Washington, D.C., branch of the A.A.U.W. for admission but had been refused.

COURT CASE

BUT WHEN MRS. TERRELL applied to the national Association of American University Women, she was accepted for membership. The District of Columbia branch thereupon amended its by-laws to ensure every applicant being screened before admission was granted.

This move drew stiff fire from the national body, and the case was taken to court when the national group threatened to expel the Washington, D.C., branch for failing to conform to national standards.

But the District of Columbia branch won, although the case has since been taken by the national body to the United States Court of Appeals.

OPPOSING VIEWS

AGAINST SUCH A BACKGROUND, of course, feeling on the subject was running high. And although no delegate from Washington, D.C., took part in the debate at the Seattle convention, there were plenty of others who sided with them on the color issue.

One delegate from Missouri reminded the assembly that "custom and tradition are strong in our communities. Bad feeling would be stirred up through the flouting of segregation laws."

However, when the vote was finally taken, the delegates voted—by 2,168 to 68—to allow qualified members in to their organization "regardless of race, color, creed or religion," a decision which the head of the by-laws committee hailed as "the crossing of a new frontier; which will enable us to broaden our work for educational opportunities."

BRANCH BOMBHELL

BUT THAT NIGHT, at the final business meeting of the A.A.U.W., the president of the Washington, D.C., branch dropped a final bombshell by announcing the secession of her branch from the national group, on account of the decision to allow Negroes into membership.

Needless to say, I would not presume to enter into any controversy between the women of another country, especially on such a sharply contested issue. But it seems to me to give additional point and poignancy to this "agony" advertisement in a recent Saturday Review of Literature, published in New York:

"NEGRO GIRL, tired of rumormongering in land of opportunity, wants job abroad where color no handicap. Use for excellent education, proven superior abilities, brains, writing talents, languages, typewriting, stenography in box."

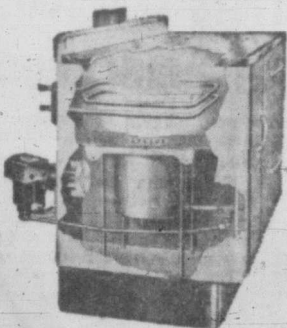

Here's all you need

to play the new RCA Victor "live talent" quality records through your own radio. This compact new automatic player—the fastest, simplest ever designed—can be easily and quickly connected to your present radio regardless of make. Takes up to ten of the new 7-inch vinyl non-breakable records. Plays more than 20 minutes without need of attention. Feather-light "Silent Sprocket" pick-up. It's the RCA Victor 917 29.95 "78's" too! All RCA Victor releases on the new 7-inch records will also be available on the standard 10- and 12-inch discs.

Truman Ready To Call For 'Arms To Europe'

By JOHN L. STEELE

WASHINGTON (UP)—With opposition to the Atlantic Pact crumbling, the administration was reported today to ask Congress to speed action on the billion-dollar arms-for-Europe program.

Administration sources said President Truman will submit the plan to Congress as soon as the Senate ratifies the pact. They said he will make a strong plea for approval of the arms program before Congress quits for the summer.

Administration leaders were hopeful the pact would be ratified by tomorrow. They predicted that only about a half-dozen votes will be cast against it.

The arms program, which is a corollary to the pact, would authorize the administration to send guns, tanks, and planes to

pact powers and other free nations of the world. Its initial cost has been set at \$1,450,000,000.

Chairman John Kee, D-W.Va., of the House Foreign Affairs committee told newsmen the arms bill will receive "top priority" before his group.

URGES HEARINGS

"My idea is to hold hearings," he said, "and report it to the House and, if possible, get it through this session."

The arms program is certain to arouse more opposition than the Atlantic Treaty. Several leading Senators have served notice that, although they intend to vote for the pact, they are not certain they will go along on the supplementary measure.

Nevertheless, administration sources were confident they could get a vote on the arms program before adjournment.

Canada, Britain In On Atom Development

WASHINGTON (CP)—Dr. Robert F. Bacher, top-flight United States scientist, Wednesday said co-operation between the United States, Canada and Britain on the atomic project was "quite complete."

Canada was closely associated with the development of atomic piles, or furnaces, at Chicago, he said.

Bacher, a former member of the U.S. Atomic Energy Commission and now at the California Institute of Technology, testified on behalf of the commission before the joint Senate-House Atomic Committee. It is investigating charges of "incredible mismanagement" made against the commission by Senator Bourke Hickenlooper (Rep-Iowa).

"There is no question" but that Canada and Britain assisted materially in atomic development in the United States, Bacher said in reply to a query from representative Henry Jackson (Dem-Wash.).

Bacher also predicted Britain will be successful in producing atomic weapons.

Starhemberg would return to Austria if sure trial fair

BUENOS AIRES (UP)—Ernst Starhemberg, former Austrian Vice-Chancellor in the Dollfus cabinet, said today he was willing to return to Austria to stand trial for treason.

All he asked, he said in an interview, was that he be given "proper guarantees for a fair hearing."

"For example, if the trial were held in the Russian zone, I might be shipped off suddenly to Siberia," said the former prince.

He expressed his willingness to return to his native land when informed the Austrian Socialist Party intends to accuse him in Vienna courts this week of high treason.

"Hitler condemned me for the same charges, deprived me of my nationality, confiscated my property and exiled me from Austria as an arch enemy of Nazism and defender of my country's independence," he said.

Starhemberg went to England after Nazi Germany had absorbed Austria. He served with the Royal Air Force in 1939 and 1940 and subsequently as a lieutenant with the Free French Air Force. After the war, he came to Buenos Aires.

One Dead, Many Hurt In Political Riots

KINGSTON, Jamaica (CP)—One man was killed and several injured Wednesday at nearby Gordonsville during a day of political violence during which Communications Minister William Bustamante was hit in the face with a stone.

The man who was killed was a follower of Bustamante's Labor Party. He was stabbed to death. Two unidentified men were arrested.

The trouble followed a by-election at Gordonsville in which the Labor candidate was successful. His only opponent was a member of the rival People's National Party headed by Norman Manley.

Bustamante was greeted with boos by a hostile crowd when he arrived at Gordonsville. Following an argument with P.N.P. Councillor Wills Isaacs, Bustamante was said to have pushed Isaacs. The crowd surged forward and Bustamante was hit by a stone. He was only slightly injured.

Police, who had been standing by in readiness for an outbreak of trouble, dispersed the crowd with tear gas bombs. Three policemen required hospital treatment when they were struck by Bustamante's car during the melee.

Police reported no further trouble.

Meeting Today May Settle Fish Strike

VANCOUVER (CP)—Union officials and salmon operators are meeting today to discuss further an undisclosed settlement proposal made Wednesday night.

Salmon seine boats still are in harbor pending settlement of the dispute between the operators and the United Fishermen and Allied Workers' Union (T.L.C.).

The seiners demand the right to sell catches to the highest bidder on the fishing ground, while the operators want catches consigned only to them if they lease the boats.

Among 22 successful British Columbia entrants in the May examinations of the General Accountants' Association were Ernest Charlton, 62 Linden Avenue, and Albert E. Matcham, 25 Marlborough Street. The local men passed in the intermediate section, part one.

New Manager Of Athletics

Victoria's Western International League ball team arrived back in the city at 12:45 today from its most successful road trip of the season with Earl Bolyard, a new pilot, at the helm. Bolyard came west from his position as manager of the Norfolk club in the Piedmont League to take over the Athletics. He joined the team Tuesday in Bremerton.

East-West German Struggle Outwardly More Peaceful

BERLIN (UP)—The east-west struggle over Germany and Berlin appeared to be entering a new and outwardly more peaceful phase.

For the first time since 1945-46 the Russians were showing a somewhat conciliatory attitude, an appearance of wanting to do business with the western powers.

Concrete developments were imminent which gave promise of proving or disproving the trend toward some kind of four-power co-operation.

Western officials said the next four-power meetings probably would be held early next week, and a meeting might be held Saturday. Two key meetings were expected in a new series of discussions of the future of Berlin and Germany.

The four commanders of occupation forces in Berlin were expected to make another attempt to put the administration of the divided city on some kind of an operating basis. The second meeting will deal with east-west trade problems.

Representatives of all four powers already have expressed satisfaction with the first phase of the resumption of four power relations here.

Escapée Suspects Held In Edmonton

EDMONTON (CP)—Three youths believed to be escapées from a detention home near Vancouver were arrested in Edmonton early today following two break-ins. One is 19, the others 17.

Police said the trio broke into a cafe, and a tool and auto accessories shop. Between \$3-and-\$4 in cash and a few packets of cigarettes were stolen from the cafe, and \$10 in cash and a screwdriver from the accessory shop.

One of the 17-year-old boys told police the trio arrived in Edmonton from Vancouver Wednesday. He said, "We were short of funds, so decided to pull a job and steal some money."

Saanich Thefts

Saanich police reported today that a \$72 electric power drill was stolen recently from the workshop at the home of Stanley Hunt, 239 Regina Avenue. Another recent entry was at Tolmie School, Boleskine Road, when a new basketball and two rubber playground balls were stolen.

British Newspapers Score Government For Inaction

By R. H. SHACKFORD

LONDON (UP)—Britain's Socialist government looked today for American help to save it from bankruptcy, but the nation's press took it to task for not doing more itself to meet the crisis.

Chancellor of the Exchequer Sir Stafford Cripps formally will ask the United States to help Britain overcome its worst post-war financial crisis at a conference beginning tomorrow with U.S. Secretary of the Treasury John W. Snyder.

ARRANGES MEETINGS

U.S. Ambassador to Britain Lewis Douglas returned from Paris today and began preparations for Snyder's consultations. He arranged for the secretary to see Foreign Secretary Ernest Bevin as well as Cripps tomorrow afternoon.

The talks between Britain and the dollar area representatives—both U.S. and Canadian—actually will get under way in the morning when Cripps sees Canadian Finance Minister Douglas C. Abbott.

Failure of the talks to find some starting formula for a long-range solution of Britain's dollar problem may provoke a government crisis when the issue is debated in the Commons next week.

Cripps announced in Commons Wednesday that Britain in the meantime will clamp an embargo on further purchases from the United States and take other emergency measures to stem the tide.

"The time has come to face the real challenge,"

Oak Bay Kiwanians To Hand Over New Willows Pavilion

The new pavilion at Willows Park will officially be handed over to Oak Bay municipality by the Oak Bay Kiwanis Club at an evening ceremony, July 14.

At its meeting Wednesday night, council members received invitations to attend the service club's dinner meeting on that date, then proceed to Willows Park where the handing-over procedure will be carried out at 7.30.

The public has been invited to attend.

Much of the pavilion was built

Final Vote Count In Burnaby-Richmond

VANCOUVER (CP)—After the longest, most see-saw battle in the federal election, the election of Thomas H. Goode, Liberal, appeared confirmed today as final returns were checked in the constituency of Burnaby-Richmond.

Returning officer M. M. Reigh said he planned still a further double-check of the ballots which gave Mr. Goode a 296 vote lead over C.C.F. candidate Mrs. Dorothy Steeves.

His final returns are: Tom Goode, 12,849; Mrs. Steeves, 12,553; John Ferguson, Progressive Conservative, 6,103; Tom McEwen, Labor-Progressive Party, 1,565.

The area of the kingdom of Afghanistan is 250,000 square miles.

Plan To Plough Up Willows Racetrack To Oust 'Hot Rods'

It looks like the old race track at the Willows is slated for the fate of a piece of farming ground—for the present at least.

Following receipt of a letter from police chief H. C. F. Reston that "many young 'hot-rod' motorists are being tempted to try the track out," Oak Bay council Wednesday night referred the matter to municipal engineer A. S. G. Musgrave for action.

It was suggested to Mr. Musgrave by council members that the track be ploughed up in parts in order to discourage young drivers who, the police chief said, caused a menace by raising dust which resulted in complaints by adjacent residents.

The police chief's letter was prompted when a car with two occupants Tuesday night overturned on the back stretch when it hit a hole in the track. The top of the car was damaged, but neither of the occupants was injured.

"Someone is going to be killed unless we do something," commented Councillor George Murdoch.

Training of city policemen to ride solo motorcycles, being carried out in the centre portion of the track, will continue unmolested.

Oak Bay Council Discusses Signs, Boathouse, Phones

Oak Bay municipal council dealt with a number of small items at a meeting Wednesday night at which more or less routine business held sway.

Council instructed municipal clerk A. D. Findlay to draw up a draft by-law to cover the sign by-law following receipt of a

letter from Neon Products of Western Canada Ltd. in which suggestions for improvement of existing regulations in this regard were given.

Members of the governing group of Oak Bay decided to sit tight and make no statement about the application for increases in telephone rates submitted to the Board of Transport Commissioners by the B.C. Telephone Company until they have had time to study the application and until some indication of the feelings of the board are received.

The matter arose when a letter

informing council of the application was received from the telephone company. It was tabled.

INSURANCE PROBLEM

Basil I. Hirst, who has taken over as leasee of the municipally-owned Oak Bay boathouse, asked council in a letter that consideration be given to extending his lease from one year, as it now stands, to five.

He said an insurance company he had approached would not insure the boathouse because the lease was for one year only. The matter was tabled until more information on available insurance could be obtained.

SMART CABRIOLET—IN 1900 VINTAGE

The body shops of Wilson Motors Ltd. are equipped to handle any commission, and this was proved by the refinishing job just completed on the smart rig shown above. Brought out from retirement by David A. Fair, shown here with the "ribbons" of a sturdy pair of dapple greys, the "cab" will ply for hire in Victoria during the tourist season, meeting the boats to take visitors touring the city.

Mr. Fair returns to an old love in the handling of horses once more. In the days of the Klondike rush of '99 he drove a six-horse team from White Horse to Dawson. Coming to Victoria he drove a six-horse Tally-ho for the Western Transport Company from 1907, right up to the first war.

The cab, now brought back to the shining glory of the days when it first took the road, has a long and distinguished history. This English cab belonged to the late Sam Eastman and carried such distinguished personages as President McKinley when he visited Victoria and His Majesty King George Fifth when he and the Queen, then Duke and Duchess of Kent, came here in 1901... and no wonder Mr. Fair holds it in special regard, for it was used at his wedding in 1912.

Having worked as a carpenter at Wilson Motors for some time Mr. Fair had ample opportunity to see the quality of work done in the shops. Consequently, when renovation of this historic carriage was in mind it was natural for him to bring the work to Wilson's.

No Opposition To Amendments To Uplands By-law

No opposition to amendments to the Uplands Regulations By-law of Oak Bay was forthcoming at a public hearing at the municipal hall prior to a council meeting Wednesday night.

Previously, certain real estate firms and persons having property in the Uplands had opposed the by-law when a section was included which would boost the minimum permissible building value from \$10,000 to \$15,000.

This section has since been thrown out, and representatives of real estate firms did not raise any objection at the hearing.

Under the amendments now put up, the by-law would set forth as the minimum area of a one-story dwelling 1,400 square feet and for one and one-half and two-story buildings 1,200 square feet and 1,000 square feet per story, respectively.

Ex-cree Walter Walker, speaking in support of the amendments, said they would sustain the value of the property and keep up the high standard of dwellings in the district.

Lafayette Park May Get Back Slides

Children in the vicinity of Oak Bay's Lafayette Park may get back the slide they had removed last year when they disturbed surrounding residents by banging their feet on the tin.

At a municipal council meeting Wednesday night, Councillor George Murdoch, parks committee chairman, said he would rather see children making a noise on playground equipment than "letting off steam by breaking windows or something like that."

A request from the Oak Bay Playgrounds Committee that backstops for softball be established at the same park and the matter of the slides was referred to the parks committee.

Another playgrounds committee request, that speed limit signs be placed on Monterey Avenue near the park was approved after a letter from Police Chief H. C. F. Reston recommending such action was read.

OUR PROBLEMS, TOO

THE COLD FACTS OF BRITAIN'S financial difficulties, detailed yesterday by Sir Stafford Cripps, have been received in Canada with calm official announcements indicating this Dominion's wish to co-operate in the solution of the problems set forth. Nor has any great alarm been voiced over the "standstill" by the Chancellor of the Exchequer on dollar purchases. Similarly, the United States Department of State has observed the reports with restraint. Both in Ottawa and Washington, officials have been kept informed of developments, and the statement yesterday created no shocked surprise.

That does not, by the way, diminish the seriousness of the position made public by Britain's Chancellor of the Exchequer. Nor does it eliminate the obstacles that beset Britain's path to recovery. The confidence expressed by Secretary of State Dean Acheson in Washington relative to the United Kingdom's ability to overcome current difficulties, and the attitude of Canada toward the situation, however, remove from the issue an element of international hysteria which could jeopardize its solution.

On the Canadian scene, further curtailment of buying by Britain creates no immediate and insurmountable dislocation of trade. On the other hand, it will be difficult to increase purchases from the United Kingdom—as desired by the Chancellor of the Exchequer—until his admonition to his own people to reduce sales prices by cutting costs and increasing productivity bears fruit. Phrased simply, that means that Victorians, like other Canadians, will be diffident about buying British flannels, for instance, until they are offered on the counter at prices that can compete with substitutes.

Furthermore, Canada's dependence on export trade does not permit this Dominion to ignore other potential customers when she is buying goods, despite the natural preference that may be held for the British product. But the fact that Finance Minister Douglas Abbott is on his way to London—"not with any prepared proposals, but to listen to problems which Sir Stafford Cripps will outline and to co-operate in seeking a solution"—emphasizes the readiness of this country to furnish what assistance it can.

How Sir Stafford's determination to avoid devaluation of the pound sterling will be received in other countries, particularly in the United States, can, at best, be little more than a matter of speculation. Commenting on that issue prior to yesterday's speech, Washington columnist Joseph Alsop saw the step as a virtual inevitability. Argued Mr. Alsop:

If the British lower the dollar price of sterling from the present artificial level of \$4.03 for one pound, British goods will automatically become cheaper to those who can pay for them in dollars. Thus, British products will be better able to compete in dollar markets, instead of being, as at present, badly overpriced.

Furthermore, almost all of the other European currencies, with the possible exception of the Belgian franc, need devaluation. The French, Italian and other European governments are willing and anxious to take part in a general plan for re-alignment of currency prices. And the American experts argue that if sterling is devalued as part of a broad European plan to put everyone's money on a sensible basis, most of the non-European currencies will automatically go along.

Thus, even although they have cheapened their pound, the British will continue to trade with the rest of the world on almost the same basis as before. Only in the dollar area, where they must increase their exports at all costs, will the value of the goods they make be really affected. And they must lower their export prices to the dollar area, if they want to sell anything for dollars. So runs the American argument, which Secretary of the Treasury John Snyder will make on his present visit to London.

American pre-occupation with the British financial situation is not difficult to understand. The temporary economic recession in the United States and the resultant curtailment of the purchase of British goods is seen as one of its causes. Moreover, as Mr. Alsop sees it, "if the British go on the monetary rocks, the 'Marshall Plan' will go with them, and so will European recovery and the whole effort to contain Soviet imperialism."

That is a potent argument with which to buttress the natural inclination of people on the northern half of this continent to assist Britain. In the close inter-relationship of international affairs the particular problems of Sir Stafford Cripps, obviously, are our problems.

STILL THE IRREPRESSIBLE

VICTORIANS IN PARTICULAR AND CANADIANS in general will have noted that a relatively young man—now in business in Los Angeles—came back to Canada this week on holiday, accompanied by a party of 75 Americans, and gave our people the benefit of his estimate of conditions here and the impact upon them of recent political developments.

The visitor was Dr. Clem Davies, one-time pastor of the "City Temple" here, afterward of Vancouver, and now an "inspirational" church leader with headquarters in the Shrine Temple of the southern Cali-

fornian film city. Out of the wealth of a vast knowledge he is reported to have said:

"Canadians are the finest people in the world, but they've got the loudest politicians. . . . There's no question the Liberals will have the same troubles as Mr. Truman in the United States. . . . This demagogic tempest of Communism is blowing the world to pieces. . . . Only the steadfast things will remain."

That is quite a lot for a visiting parson to drop on the Canadian city which assuredly did not hinder his progress toward his present state of influence—or affluence, as the case may be—but most people hereabouts will suggest that the first sentence we have quoted from his newspaper interview scarcely reflects his understanding of the "steadfast things" whose permanence he predicts.

And when he assumes to cast the horoscope of the party led by Rt. Hon. Louis St. Laurent, implying that the Canadian Prime Minister's present position is analogous with that of the President of the United States, Dr. Davies again succumbs to his familiar pre-clivity for crystal gazing—with the appropriate amount of showmanship.

INVESTMENT IN PROGRESS

ALTHOUGH THE HEAVY INVESTMENT of United States funds in Canadian industry is well-known to most residents of the Dominion, many of them would be hard-pressed to make a close estimate of the actual amount involved. It may be surprising to many, therefore, to learn that of the slightly more than seven billion dollars of outside capital invested in Canada in 1947, well over five billions was from our neighbor on the south. The United Kingdom furnished in excess of one and one-half billions. The remaining \$346,000,000 was supplied by investors in several other countries. The figures include money invested in Canadian government and municipal bonds, holdings of Canadian stocks and bonds and other obligations, and funds invested directly in industries and businesses controlled from abroad. The latter category accounts for more than half of all American investments in this country, and it is increasing notably each year.

Some observers of this immense employment of United States capital in Canada are inclined to fear it, to complain that our natural resources are being exploited for foreign benefit, and that Canadians are therefore not receiving the advantages that should accrue to them by virtue of their possession of the northern half of the continent. Actually, no Canadian capital is being ousted from the field. Investment opportunities in this country are open to any Canadian with the funds and the desire to participate. The fact is that our development of both natural resources and manufacturing—with their attendant payrolls—would be far short of what it is now if American capital had not been ready and willing to gamble on success.

Much of the new capital pouring into the Alberta oil fields, for instance, is from the United States. There was not sufficient Canadian money available or capable of providing the backing the Alberta development should have. Sale of the Canadian aircraft plant was another case in point. Trade Minister Howe has explained that, in the absence of a Canadian company willing to take over the Crown-controlled war-time operation, it was sold to an American firm. It would be fortunate in some ways if all Canadian development could be financed by Canadian capital, but not if that meant a development so slow and retarded as to put this country far behind its present impressive point of progress. And that would be something to keep in mind if at any future time the Socialists made another strong bid to gain control of the government of the Dominion.

MR. P. D. ROSS

LESS THAN FOUR MONTHS AGO THE Victoria Daily Times joined other newspapers throughout Canada in tributes to the gentlemanly principles of Mr. P. D. Ross and the policies he adopted in following them in his Ottawa Journal. At that time the veteran newspaperman had stepped down from the post of owner and editor of the influential daily. This week the inevitable "30" was written to the life story of this highly-respected figure. He died at the age of 91 after full years of service and maintenance of high ideals.

To his personal friends, the loss will be saddening. To a multitude who knew P. D. Ross, only through his writings, both in newspaper and book form, some valuable influence will endure. Canada is considerably richer for the life he led in this country.

GOOD LUCK, FAIR WIND

DESPITE THE LANDSMAN'S MISGIVINGS over the abilities of small craft to weather ocean crossings, it is refreshing to read of the two brothers who have sailed from Halifax for the Isle of Wight aboard a 20-foot boat of their own construction. This is the return journey for the pair who hope to reach their destination in six weeks.

Crossing the Atlantic by airplane in a matter of hours is a commonplace these days, no longer worthy of mention unless some minutes have been chipped off the record or some mishap has occurred. But the novelty of a small boat crossing is as fresh today as it was in those adventurous times when the ships from England and France made perilous passage to the new colonies. Few men would care to trade places with the brothers who consider their craft "safe as a church". But it is good to know that the spirit of courage, resource and adventure lives on in days that appear to be becoming ever more closely wedded to security. Good luck to them, and a favorable wind.

Newfoundland Survey

AT THE TIME of confederation with Canada, the economic picture in Newfoundland was a relative bright one," says the current Monthly Review of the Bank of Nova Scotia, which deals with recent and current business conditions in the new province and gives some consideration to the more immediate effects of confederation upon its economy.

Since the end of the war the economy has been operating at a high level. International exchange difficulties have been disturbing, but they have been minimized by the fact that the country's exports were largely scarce commodities in the postwar world. Thus, though imports of Newfoundland pulp and paper to Britain have been severely restricted, the large demand in the United States has absorbed all that could be produced. Similarly markets for iron ore and base metals have been receptive.

MORE IMPORTANT, the over-all demand for fishery products has remained large, but here the situation has been more complicated. Lack of British dollar purchasing power has been directly felt in the cessation of contracts for frozen fish and, though larger exports to the United States have been an offsetting factor, output has been well below the peak levels of 1944 and 1945. In the salt fish trade, where sterling-area markets are important and Mediterranean countries like Spain and Portugal were accustomed to paying in sterling and are short of dollars, the suspension of sterling convertibility in 1947 was disturbing. However, these difficulties were overcome by special arrangements under which the sterling proceeds of some such sales were accumulated against the Newfoundland sterling debt, the Newfoundland government providing the equivalent dollars to exporters from its accumulated surpluses.

BY THIS arrangement (and a similar one is to continue for another year under the terms of union with Canada) and because of strong demands in other markets together with substantial purchases under the European Recovery Program by Italy and Greece, exports of salt cod have been large and prices have remained high. "The fact is," says the Review, "that this food product is in a favorable position and the near-term market outlook is good."

THOUGH the Review finds the immediate prospects for Newfoundland's basic industries to be reasonably good, there are certain shadows on the horizon. In the main these are the same difficulties and uncertainties as those which have affected the export industries of the rest of Canada—the continued exchange problems which are disturbing international trade, the fact that the U.S. market for primary products have recently ceased to expand, and the weakening world price structure for foods, metals and forest products. However, Newfoundland has as yet experienced the effects of this situation to only a slight degree.

THUS, CHIEFLY as a result of the very large program of investment in defence facilities by the allied governments—which brought a profound change in the economic climate of Newfoundland during the war—and the heavy war and postwar demand for heavy products at high prices, Newfoundland has experienced a sharp increase in her national income. Estimates suggest that the order of the increase was from a 1936-39 average of perhaps \$45,000,000 to about \$110,000,000 in 1945 and \$120,000,000 in 1948. Of course, there were large, partially offsetting increases in prices and costs. General price indexes are lacking, but an index of the cost of living in St. John's, based on October, 1938, as 100, averaged about 160 in 1945 and 184 in 1948.

TURNING to the subject of confederation, the Review points out that the main impact is not upon the basic industries of the country. They continue to export to the same markets and those markets are, very largely, outside Canada. Newfoundland will thus continue in the foreseeable future as an area heavily dependent on export industries and especially on the fisheries. "Fundamentally the implications of confederation would appear to be less in the direct effects on the economy than in the indirect—in the spreading of the overhead costs of a highly variable economy, and in the lessening of the impact of changes in export income upon the welfare of the people."

By Newfoundland's entry into the Canadian federal system, the Dominion assumes responsibility for some of the more inflexible of the public costs—notably most of the debt service, and the operations of the rail-way system. Family allowances, unemployment insurance, higher veterans' pensions and benefits, and assistance with old age pensions and health measures represent a sharing of the costs of building up and maintaining social welfare services, which was so difficult to do in the past.

MEANWHILE, new sources of supply and new competitive relationships are requiring substantial and in some cases difficult adjustments of commercial businesses and local industries. For people in the middle and higher brackets of personal incomes, payment at federal rates will mean a quite unaccustomed level of direct taxation. On the other hand, there are important reductions in cost items—notably in freight rates, in the prices of materials and supplies, and in the prices of consumers' goods. The decline in the cost of living may be significant enough to prove of quite general benefit, while such new sources of income as family allowances are helping to support the level of demand.

Their Turn Now

France Aims To Please

Service d'Information Français

WHETHER the tourist selects pulse-quickening Paris, Normandy, Brittany or the Basque coast to while away vacation days, there'll be festivals, sports, music and the usual endless opportunities for sightseeing. A check with the French National Tourist Office in North America reveals that France today has all the major ingredients which go into the making of the perfect holiday abroad.

Once more the roads leading to the beauty and warmth of France are in excellent shape, the railroads speeding everywhere on time, and tourist life an easy and relaxing experience full of exquisitely-prepared foods and wines. In fact, food rationing is over and the brioche and croissant turn up at the breakfast table every morning now.

PARIS SEASON

The Paris season should be brilliant. Racing at Longchamp and Chantilly; the Grand Opera with Rise Stevens making her debut in Paris in the "little role" of "Der Rosenkavalier"; mannequins showing off the latest in fashion, and the glorious fountain displays at Versailles all should give the 1949 visitor a true taste of the old days.

Always in the early summer the chateaux country has its particular lure. The light along the Loire is shot with blue and gold; the air sweet. And the chivalric mood isn't hard to recapture as you roam some of France's most historic terrain.

They Look For Security

By BRUCE BLOSSAT from New York.

FORTUNE magazine's recent survey of college campuses shows graduating students more worried about old-age pensions and similar security safeguards than anything else in their future.

Add to these protections a job with a big established company and a wife and a few children and you have what most college men in their twenties are seeking today.

It is alarming to realize that security-mindedness has gone so far down the age ladder that it now tends to dominate the thinking of our college youth.

It is too easy and too trite, however, to respond to this situation with the regular exhortations to self-reliance, and then let it go at that. The problem isn't that simple.

COMPLEXITY

These youngsters have come of age in a world still staggering

Engines For India

Montreal Star

The ceremonies surrounding the big shipment of Canadian-built locomotives to India were a suitable send-off. There will be great local pride that the contract given to the Montreal Locomotive Works is working out so well. As was said yesterday, it is sparking an enhanced trade with that great country, a trade which is closely balanced at the present time and thus devoid of the monetary complications that afflict so much of the world.

About 90 miles out of Paris, beginning at Orleans and proceeding southward to Blois, Tours, Angers and Nantes, the tourist can see some of the most beautiful chateaux and gardens in all of France. They are open for public inspection and French National Railroads' guided tours are frequent and at nominal prices. A few of the more famous chateaux of the Loire are Azay-le-Rideau, Chenonceau, and Villandry.

Deauville and the renowned spas of Vichy, Vittel and Evian this year will entice a record number of visitors interested in water sports, social life, the pleasures of the gaming table, and just plain unadulterated fun. Deauville has scheduled a full card of horse races, golf tournaments, regattas and polo matches. All of the French spas will plump heavily for swimming, sailing and tennis and offer guests incomparable scenic delights. For tourists interested in the wine country, Burgundy, Bordeaux and the Champagne regions will be extremely attractive. Two favorite Basque pastimes that Canadians should enjoy through the summer and fall are pelote marches (French version of jai-alai) and bull fights.

Also worth the tourists' time this summer are the Tour de France Bicycle Race, which began in Paris June 30 and ends there July 24; the Aix-on-Provence Music Festival, July 16-31, and the Pardon of Sainte Anne La Palud in Plonvex-Porzay, Aug. 27-28. The third International Film Festival will open in Cannes on Sept. 2 and close on the 17. To give the tourist some idea of the long list of events to be enjoyed in France, the Grande Saison de Paris alone will offer more than 150 major spectacles and attractions.

CROWDED

As for hotel space, no tourist should attempt to casually drop in on Paris this summer and expect to snag a room. Reservations for summer should be made well in advance, not only for the de luxe hotels, where rates can go as high as \$15 a day, but for the smaller ones, where rates are about \$2 a day. Away from Paris and in popular tourist areas like the Savoie, Provence, Normandy and Brittany the cost of living is cheaper but height-of-season hotel space is at a premium because the French make a point of vacationing too.

Out-of-season travel, because of better rates and wider choice of accommodations, is winning considerable attention among wise travelers. Those who miss the boat or plane during the rush months certainly will discover that Paris, the Basque coast and other parts of France can be just as rewarding in September and October as in spring.

How they can be thinking of pensions and a safe job instead of adventurous risk-taking.

HIGHER DUTY

How to have security and self-reliance: side by side is admittedly a hard nut to crack. But the evidence indicates that most politicians are not even facing the problem earnestly. It is high time they stopped ducking it.

Owed to the masses of men is a higher duty than merely to make them secure against disaster and basic want. Owed them is a life where the human spirit is free and eager to grow to its fullest height, where the sum of that individual growth will be a society of constantly widening economic and social horizons.

The Senate In 1953

Ottawa Journal

In the Senate of 102 members there are now 73 Liberals and 15 Progressive Conservatives. There are 14 vacancies, and so when Mr. St. Laurent fills them with Liberals, as of course he will, the Senate will have 87 Liberals and 15 Conservatives.

"Reform" of the Senate has become a byword, almost a joke, but it is, or should be, serious business. Mr. St. Laurent, with large majorities in both Houses of Parliament, is peculiarly fitted to deal with the situation if he will take it up from the broad standpoint of the national interest and not from any narrow partisanship.

GLOBAL SURVEY

By JAMES D. WHITE
Associated Press News Analyst
(For DeWitt Mackenzie)

JAPAN'S approach to a state of emergency is another sign that the cold war is warming up in Asia.

If there is a pattern to this seeming shift of pressure eastward from Europe, this is it: Chinese Communist victories last winter seriously upset the balance of the great powers. Not only were the world's most numerous people going under Communist control, Russia herself had to pay more attention to east Asia, to try and mould this victory to her own ends.

Things were not going too well in Europe anyway. So Russia agreed to a Big Four foreign ministers meeting in Paris to calm Europe down a bit. There has been no such effect in east Asia.

ALL ELEVEN

Early in the Paris meeting, Soviet delegate Andrei Vishinsky brought up the matter of a peace settlement for Japan. Mindful that China would soon be a Communist power, he said the Big Four of the Asiatic war—China, the U.S.A., the U.S.S.R. and Britain—should write it soon. The western power stuck to their position—all 11 countries that helped beat Japan should help write the peace.

There may have been a similar deadlock at Paris over Korea. Whether Korea came up or not, President Truman proposed a "little Marshall plan" to help the American-sponsored southern half of Korea to keep its head above water.

Late in the Paris conference there was an unconfirmed report that Molotov, former Soviet foreign minister, had been given the special job of co-ordinating Communist movements in Asia.

REDS IN LINE

In China, the Communists promptly approved Vishinsky's idea of an early peace for Japan.

In Japan, the Communists suddenly discovered the Japanese prisoners of war Russia has been holding since V-J Day.

Russia began shipping back its droves these prisoners by now thoroughly indoctrinated as Communists.

They have joined the local Reds in fomenting strikes. They have pitched into the demonstrations and riots in defiance of the police.

MACARTHUR ON SPOT

All this caught MacArthur in the midst of a delicate campaign to get the Japanese government to cut down its expenses—something it should have done long ago but has managed to avoid along with a lot of other needed reforms.

In the face of increasing pressure to cut costs, the government finally cut them in the way best designed to cause the most trouble. Far from paring down his own wasteful bureaucracy Premier Yoshida ordered the firing of 90,000 employees of the Government Railway Corporation and here leftist unions are strongest.

The resulting labor problem has become so great, and Communist influence has been handled so much to work with, that the government now is thinking about declaring a state of emergency.

CLIPPED at RANDOM

THE SECRET

T. D. F. in The Ottawa Citizen

And now, perhaps, George McCallum will go on the air all over the 83 stations, and tell us some more about how he got to be a political wizard.

GIRLS AND GANGS

Saturday Night

A Toronto man who has had considerable experience in trying to lure youthful gangs away from their gang warfare, with out much success, said the other day that the chief reason for the gang fighting was that the girl members or followers of the gangs liked it. This theory, it certainly supported by the behavior of these young ladies or the occasions when the fighting is in progress. It is also in full accord with what is known of adolescent psychology, which tells us that at that stage of the life of a young person the admiration of a member or members of the opposite sex is the most indispensable ingredient of happiness. When admiration can be purchased by the simple method of going about in groups of eight or 10 and beating up motorists or elderly bystanders it is not surprising that some youngsters are willing so to purchase it.

HARBOR SCENE—Victorians and tourists lined the Causeway Wednesday and traded remarks about two yachts anchored in the Inner Harbor. Shown here, with the Empress Hotel making an impressive backdrop in a typically Victoria scene, are Capt. Ed Kennel's Gracie S and the San Francisco yacht Pez Espada. The former craft takes groups of 'teen-age boys on two-week cruises out of Seattle and will make calls here every three weeks or so throughout the summer. She is an exact replica of the sealing schooners which used to operate out of this port.

ANNOUNCEMENTS

A Handicraft Fair will be held at the Crystal Gardens on July 26 and 27. An opportunity to show, sell and take orders. Take advantage by booking a table. All particulars from J. Godman, G 9237. Organized by The B.C. Indian Arts and Welfare Society.

A salvage collection for Fairfield, Fernwood and Mount Tolmie.

Alcoholics Anonymous. Confidential assistance on drink problems, P.O. Box 1, Victoria, B.C.

Arts Centre of Greater Victoria, 823 Broughton Street, Katherine McEwen exhibition held over to July 9. Gallery hours: 11 a.m. to 5:30 p.m., Tuesday to Saturday, and Saturday evenings 7:30 to 9:30. Visitors to Victoria especially invited. Public 25c. Students and members free. Annual membership \$5, open to Greater Victoria.

Arts Centre of Greater Victoria, 823 Broughton. Luncheon musicale Friday 12:15 to 1:15. Public is invited to bring lunch and enjoy a program of recordings. Mrs. Ethel Wilson, conductor, has selected compositions by Haydn. The player and recordings are courtesy of Mr. A. Davies of Kent's Ltd. Opportunity to view paintings of Katherine McEwen before and after music. Public 25c, members free.

At Reimer's Beauty Salon, 743 View Street—Cosmetics, souvenirs, novelties. Open evenings.

Clive Apartment Hotel, Oak Bay—Tourist accommodation now available—make reservations early. Phone E 9237.

Dancing every Wednesday, Friday and Saturday nights. Couples only. For reservations phone E 2522. Crystal Garden.

Dr. Neil B. Stewart, M.B., Ch.B., M.R.C.P. (Edin.), wishes to announce that on and after July 4, 1949, his offices will be located at 120 Pemberton Building, 625 Fort Street. Phone: Office E 2312, Res. G 2890.

Compete In Police Pistol Meet

Inspector Robert Owens, B.C. Police, left, and Victoria's Chief of Police J. A. McLellan, right, greet visiting women shooters from South Bend and Raymond, Wash., participating in the annual revolver tournament of the Victoria City Police Revolver Club at the Thetis Lake range. The women visitors are, left to right, Mrs. Sylvia Lynn, South Bend; Edith Buchanan, Raymond; and Vivian Sanders, South Bend.

Team representing Saanich police in the tournament, which concludes today and has drawn 60 entries from points all over the Pacific northwest, is composed of, left to right: Constable Leslie Ledson (tyro), Sgt. Cecil Pearce (marksman first class), both of the Saanich department; Chief Hugh Reston of Oak Bay (marksman first class), and Game Warden Robert Sinclair (sharpshooter).

Trades Council Asks Probe Of Tyee Camp

The Victoria and District Trades and Labor Council will approach the Local Council of Women to appeal for an investigation of Tyee Camp to determine whether the trades council was justified in making a protest to the City Council.

The trades council's protest to the City Council met with a reply that a large number of residents of the camp were in arrears on rent. Wednesday night A. P. Rayment, secretary, who with C. A. Peck, president, had conferred with the City Council, reported that the City Council had been in error in as much as rents have been raised at the camp.

Among delegates seated at the council meeting Wednesday night were four for the Victoria Hospital Employees Local 371.

Some ants are so specialized that they must have slaves to feed them or they perish.

New Waves Of Prospectors Go Hunting Uranium In B.C.

VANCOUVER (CP)—A new horde of ore-hungry Forty-niners is moving along the old gold trail into British Columbia's Cariboo.

These 20th century prospectors, carrying geiger counters instead of picks and driving cars instead of mules, are seeking not gold but uranium.

Most of them are young, scientifically-trained experts "grub-staked" by the British Columbia Chamber of Mines to discover the precious atom ore.

Unlike the hundreds of amateur "wildcaters" who moved into the Bridge River uranium project last year, staking out claims on useless "moose-pasture," the new miners methodically check every inch of the ground with their clicking counters.

Ernest Johnson, 35-year-old prospector who discovered the Bridge River mines last year, is typical of the new breed.

Dissatisfied with the small quantity of ore at his first mine, Johnson reasoned that somewhere in B.C. there must be other areas where there was uranium—perhaps of a lower grade but in greater quantities. He was right.

Carefully checking reports of abandoned mines where companion metals of uranium were worked, Johnson decided the "Molly" Molybdenite mine, 13 miles south of Salm in the Kootenays, looked like a good bet.

HE LOST COUNT

He investigated the abandoned shaft last October with a

counter. "It kicked so fast I couldn't count the impulses," he said. "I had something all right."

And Johnson isn't alone. Hundreds of young men are prowling around mine shafts and batholith rock structures in B.C. listening for the tell-tale "click-click" of the counter in their earphones. When it comes, a new boom will be on and B.C. will profit.

Suspend Unionists

TORONTO (CP)—Five top officials of the United Electrical Workers of America (C.I.O.-C.C.L.) have been suspended

from the Canadian Congress of Labor, it was announced Wednesday night.

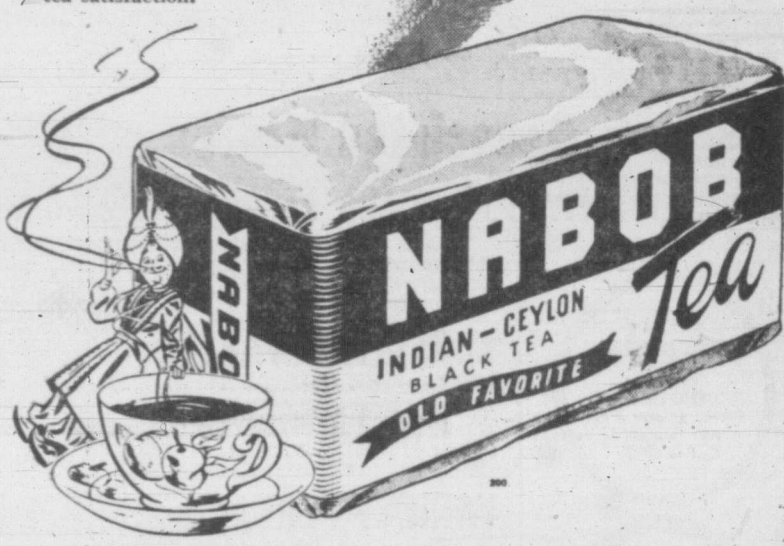

The five are Clarence S. Jackson, president of district No. 5 council; M. Chambers, vice-president; George Harris, sec-

tary-treasurer; Ross Russell, organizing director; and Jack Douglas, editor of the United Electrical News, a union publication.

Adams Made Nash Manager At Toronto

Appointment of Thomas S. Adams as manager of the new Nash Motors plant at Toronto is announced by George W. Mason, president of Nash Motors of Canada Ltd. and Nash-Keivinator Corporation of U.S.

Adams, born in Preston, Eng., attended public school in Toronto. In 1929 he joined the Ford Motor Company of India as assistant superintendent and service manager. In 1930 he was appointed zone manager for northern India and later was named superintendent and service manager. Advanced again in 1934, he became commercial sales manager, leaving the company in 1949 to return to Canada.

According to Mason, formal opening of the Nash Motors plant at Toronto is scheduled to take place early in 1950 at which time the program to equip the plant is expected to be completed.

Bridge

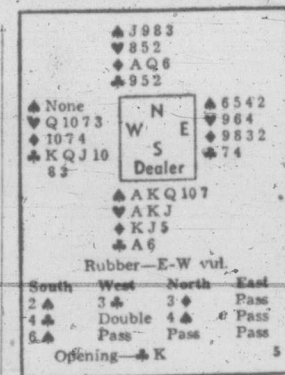

FIRST TRICK IS CLUE TO SUCCESS HERE

The other day I met Bill Harrington, the youngster you have been hearing Saturday nights on "Your Hit Parade." He has replaced Frank Sinatra and has a seven-year contract for the show. When I asked him how he landed "Your Hit Parade," he said, "I just bucked 20 or 25 other fellows who auditioned for it, and I guess I was lucky."

Bill is one of the few radio stars who enjoy practically every card game. When he was in the U.S. Navy bridge was his favorite recreation.

Bill was fascinated with today's hand because while it looked as if a difficult play was needed to make the hand, all the declarer

By Wm. E. McKenney
America's Card Authority

had to do was remember the first trick. When the king of clubs was opened it marked West with the queen.

Declarer won the first trick with the ace. He played five rounds of trumps, cashed the ace, king and queen of diamonds and the ace of hearts. Now remembering that West was marked with the queen of clubs, he led the six of clubs. West won the trick and he had to lead into declarer's king-jack of hearts.

Canadian Industry Not Alarmed By Loss Of N.Z. Market

MONTREAL (CP)—Newsprint sources indicate that loss of the New Zealand market, should that country decide to buy its newsprint in non-dollar countries, would have only a small effect on the Canadian industry.

They were commenting on a Wellington report which said Finance Minister Walter Nash was investigating prospects of obtaining newsprint needs from non-dollar countries to help ease the sterling area's dollar situation.

One source in Montreal said Wednesday that last year New Zealand bought from Canada and Newfoundland about 29,000 tons. This compared with the Canada-Newfoundland total production of 4,983,000 tons.

At the present time, this official said, needs on this continent are taking up the slack.

He added, however, that the formerly tight newsprint situation is "easing." For instance, he said, the "grey market" in which newsprint, worth about \$100 a ton in New York, was sold for \$150-\$200 a ton, is disappearing.

SOOKE CHAMBER MEETS

SOOKE — Sooke-Jordan River Chamber of Commerce will hear the report of the Associated Chambers of Commerce of Vancouver Island conference at Nanaimo, at its meeting Friday night in Shirley Community Hall.

Mystery Death Of Indian Woman Solved By Police

LILLOOET (CP)—The mysterious death of Mrs. William Thom, 45-year-old Indian mother of 13

children, was solved Wednesday by police investigations.

First reports from the isolated Indian reserve 10 miles north of here said, the woman had been murdered, but after hours of investigation Wednesday police found she had been accidentally killed by her 10-year-old son, Francis.

Mrs. Thom, known as the

"gold queen" of the Bridge River country, 150 miles northeast of Vancouver, died in her bed, shot through the head as her son lifted a rifle to a wall rack.

He was terrified, said the police report, and made up a story of murder, telling of a strange man shooting his mother.

Mrs. Thom, who expected her 14th child in August, was a

wealthy member of the tribe, and is reported to have had \$5,000 in her home for purchase of a farm. She made her money panning gold along the Bridge and Fraser Rivers.

The grief-stricken boy ran six miles to a ranch where his father was working to report his mother's death. He told a story of the strange man entering his

home early Tuesday and firing the fatal shot. The father notified police.

Wednesday, Francis told the true story. He admitted the .22 calibre rifle discharged as he hung it on a pair of horns above his mother's bed. She had requested him to put the rifle on the rack.

MR. PILE SUFFERER

READ THIS: Mr. G. Pugh, 589 Agness St., Winnipeg, writes us, June 28, 1949: "My wife has been on operating table 15 times—she has really suffered. I myself have had the bleeding piles for years—after three bottles of your new Pylone Treatment we are nearly well. We are between 60 and 70 years old. It is worth any price because it is wonderful." Pylone satisfied Mr. Pugh, as it will you. The first bottle of Pylone Treatment brings results or price refunded at once. \$1.75 at all drug stores.

"NEW BUTTER-KRUST- THAT'S MY BREAD!"

LIKE FINER FLAVOR

"Very good", say thousands of British Columbia housewives of the new BUTTER-KRUST Loaf. Try it for yourself and see if your opinion agrees with what others have to say—things like this: "Lots of flavor"; "Just like home-made"; "Delicious, rich and sweet".

ENJOY BETTER TOAST AND SANDWICHES

And so you can compare notes, here are some comments on the way BUTTER-KRUST meets the toast and sandwich test: "Excellent toast, nice and crisp"; "Better toasting"; "Exceptionally good texture for sandwiches". They "do not go soggy or dry out".

APPLAUD LONGER-LASTING FRESHNESS

As for BUTTER-KRUST freshness, you'll find like so many other housewives, that it stays delicious for days. Quotes from comments: "Remarkable how fresh it keeps"; "Just as enjoyable when kept two days"; "Freshest bread I have ever eaten". Yes, the taste is the test! . . . Buy BUTTER-KRUST—and see!

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

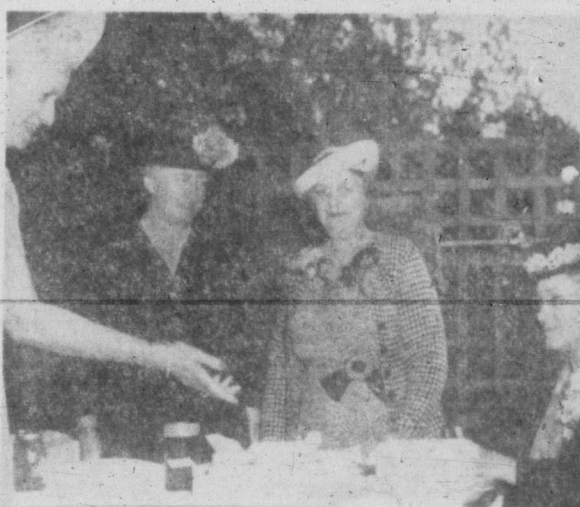

Candy seller Gertrude Durran, in her colorful period costume, displays her wares to Mrs. P. J. Sinnott, her daughter, Miss Pat Sinnott, and her small niece, Adele Sinnott, at Christ Church Cathedral garden party.

Garden Tea

St. David's Women's Guild, Cordova Bay, will hold a garden tea, sale of home cooking and miscellaneous articles, next Tuesday, commencing at 2:30 p.m., at the home of Mrs. B. J. Dyer, "The Lookout," Cordova Bay Road. Miss Jane McGarry, who retired recently as superintendent and matron of the Indian Residential School, on the Blood Reserve, at Cardston, Alta., after 14 years' service, will speak during the afternoon of her work among the native Indians. Miss McGarry was also in charge of the school at Elkhorn, Man., for a time.

Many Attractions At Summer Garden Fetes

Estimating the weight of luscious homemade fruit cake is another favored pastime at many garden parties. Mrs. Rose Peden, right, discusses her estimate with Mrs. Jessie Irwin, Mrs. Ruth Alexander and Mrs. Jean Gale.

Tea cup reading and fortune telling are always popular at summer fetes. Here, Mrs. Margaret Lehome has a peep into the future through the imaginative eyes of Mrs. Vera Pipes.

Special guest at St. Saviour's garden fete, Miss Kathleen Agnew receives a gardenia corsage bouquet from little Gloria Davidson, as Rev. G. D. Kendall, Mrs. Kendall and Mrs. C. F. Banfield smile in approval.

Garden Fetes Draw Crowds, Make More Than \$1,700 For Sponsors

Five large garden parties ushered in the summer garden party season in Victoria yesterday. Blue skies and warm sunshine enticed more than 1,100 Victorians and out-of-town visitors to attend one or more of these fetes given in attractive gardens in Esquimalt, Victoria West, Oak Bay and the city. Booths were thronged with eager buyers at all five affairs, resulting in an approximate sum of \$1,700 being cleared for work of the various organizations.

ST. SAVIOUR'S FETE

Streamers of bright flags and bunting fluttering in the gentle breeze, and profusions of multi-colored roses in full bloom, formed the setting at the home of Alderman and Mrs. C. Banfield, 642 Craigflower Road, for St. Saviour's Church annual summer garden party, Wednesday afternoon.

Miss Kathleen Agnew formally declared the fete open at 2 and was presented with a corsage bouquet of gardenia and stephanotis by little Gloria Davidson.

Approximately \$350 was realized.

Rev. G. D. Kendall, general convener, assisted by members of the garden party committee, welcomed more than 250 visitors and introduced guests.

Also receiving visitors were Mrs. Kendall, Ald. and Mrs. Banfield, Mrs. D. M. Hughes, Mrs. A. Roach and presidents of the various church organizations.

Mrs. Banfield was presented with a bouquet of mauve stocks and sweet peas and pink carnations by the garden committee, and each group president received a corsage bouquet of pink carnations.

Afternoon tea was served at small tables decorated with summer flowers, and in the shade of huge oak trees. Mrs. C. H. Shandley and Mrs. F. Steele were co-conveners, assisted by Mesdames W. Davidson, J. Wilson, H. Holroyd, A. Strugnell, W. Lowery, K. L. Rouch, W. Spedding, G. Crocker, D. Kirby, M. Jarvis, N. Gawley, C. E. Banfield, C. McFarlane, B. Smith and Misses M. Harper, C. Lowery and G. McKay. Mrs. H. R. Gunning was tea hostess.

In the rose garden, stalls piled high with tempting articles were arranged. Home cooking was convened by Mrs. B. Jacklin, assisted by Mesdames M. Laidler, G. Petch, F. Tammage and J. Dixon; candy, Miss K. Goodall and Mrs. J. Robertson, assisted by Mesdames J. Goodall, D. Hobbs and F. Trill; fancy work, Mrs. G. White and Mrs. T. Wilson, assisted by Mesdames W. Ashworth, E. Powell, F. Woods and Miss D. White. Novel "shopping centre" was

convened by Mrs. C. Clarke and Mrs. M. Kendall, assisted by Mrs. C. Limb and Miss N. Kendall. Miss W. Hughes told fortunes. "Mother Goose" was in charge of Miss J. Klepin, L. Roach, J. Lowery and D. Augustin.

Members of the Junior Women's Auxiliary sold pop and ice cream under conveners Miss E. Wilson, Miss K. Hansen and Miss M. Horncastle.

Of special interest was the demonstration of basket weaving given by Mrs. W. Aisford.

A variety of games were in charge of C. Clarke, Billy Wilson and Lewis Pilkington, Miss P. Lee, J. Filton, D. Douglas and V. Limb.

D. Hobbs was in charge of tea tickets, and J. Roberts headed the grounds committee.

CHRIST CHURCH

Bountiful stalls of home cooking, sewing, flowers and vegetables, novelties and superfluities, and later in the afternoon, delightful tea in the Memorial Hall drew more than 450 guests to the annual garden party sponsored by Christ Church Cathedral Women's Parish Guild in the Bishop's Close Wednesday afternoon.

The Right Rev. Harold E. Sexton, Bishop of British Columbia, greeted guests and officially opened the fete, which realized approximately \$650.

Welcoming guests with the Bishop were Mrs. Sexton, Dean R. G. Calvert and Mrs. Calvert, Miss K. Jaffray, president, and Mrs. George Miles, past president.

Four young maids in old-fashioned costumes sold candy and brightly colored balloons.

The flower stall, with its gay assortment of fragrant roses, sweet peas, delphiniums and many other flowers, as well as fresh garden vegetables, was convened by Miss Maude Lettice, assisted by Mrs. M. L. Richman. Superfluities counter was convened by Mrs. A. E. Greenwood, Mrs. G. W. Speck and Miss L. F. Bartlett. Mesdames J. F. K. English, R. Felton, C. A. Gibson and F. T. Fairley sold fancy work, and home cooking was convened by Mrs. A. Mayfield and Miss G. Lloyd.

Memorial Hall was decorated with flowers and greenery, and set with small tea tables, centred with tiny vases of flowers. Presiding at the tea urns were Mesdames H. Scholfield, J. S. Wickens, George Biddle, George Miles, A. E. de L. Nunns, Fairfax-Webber, G. Fraser and Miss Kathleen Agnew. Servituers included Mesdames S. White, W. Miles, E. Brown, A. E. S. Bumpus, W. Webster, E. O. Price, H. Lethaby, M. Chester-

man and L. F. Bradley. Assisting with refreshments were Mesdames M. Watkins, Semple, R. Randall, Knowles, L. A. Robson, C. Dale, H. Pittendrigh, C. Wriglesworth, A. W. Cameron, Mrs. A. J. Parmiter was tea convener, and Mrs. C. R. Richardson was in charge of tea tickets. Mrs. F. M. Atkinson managed gate receipts.

ST. JOHN AMBULANCE

The attractive grounds at the home of Mrs. W. P. D. Pemberton, 611 Foul Bay Road, was again the setting for the annual garden party of St. John Ambulance Brigade and throughout the afternoon more than 150 visitors enjoyed the rockeries, the lily pools and the tree-shaded lawns. Mrs. Nancy Hodges, introduced by Mrs. E. J. Harwood, district officer for Vancouver Island, declared the fete officially opened.

Approximately \$400 was realized from the affair. Stalls were arranged on the lawns. Superfluities were in charge of the Denton Holmes Division, with Mesdames A. C. Sinclair, J. Hall, F. J. Harwood and A. Smith in charge. The same division was also in charge of a fruit basket, the convener Miss E. B. Browning; ice cream stand, Miss Flossie Dewhurst and the bingo table, Mrs. F. Dewhurst and Mrs. E. Anderson.

Gold rush was in charge of Miss Marilyn Leigh, Oak Bay Cadets; special draws, A. J. Dal-Jain Division, No. 210, Mrs. J. Monteith and Miss Beth Little-hales; flowers and contests, Oak Bay Division, Mesdames F. H. Hurley, J. R. Parris and Mrs. G. R. Mason; darts, Derek Mayson.

Nursing Division No. 61 had a grocery basket in charge of Mrs. C. Birckett, also a home cooking stall with Mrs. M. McCarrison, Mrs. M. Thompson and Mrs. E. H. Baines and a cake contest convened by Mrs. F. Elston. Superfluities were in charge of the Oak Bay Division, with Mrs. E. Giles and Mrs. A. Harris; books and toys, Oak Bay Cadets. Mrs. E. Aubel and Miss Gail Champion, also contests in charge of Mrs. F. E. Kinlock and Mrs. W. F. Humble. Victoria Nursing Cadets under Misses Georgina Walker and Shirley Price was in charge of games. A tray of shell work made by Victoria Crusaders was sold by Miss Irene Foot.

Afternoon tea was served at small tables on the lawn, convened by Mesdames N. A. Hut-ton, Nea F. Braden, W. Enoch and M. Lawrence. Servituers, members of the Denton Holmes Cadets were Judith Harrison, Fern Shea and Irene Foot. The affair was under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Charles A. Banks, Premier and Mrs. Byron Johnson and Mayor and Mrs. Percy E. George.

Special guests attending included Hon. E. C. Carson, president, Council of St. John and Mrs. Carson; Mrs. T. W. A. Gray, wife of Dr. Gray, provincial surgeon, Order of St. John, Lady Swettenham; George W. Brook-bank, Veterans' Hospital; J. Smith, Calgary, and G. S. Blackburn, Victoria, who wears the first St. John Ambulance bronze medal for the South African war in Canada.

WHITE SHRINE FETE

In the tree-shaded garden of Mrs. A. E. Rippengale on Foul Bay Road, members and friends of the White Shrine of Jerusalem, Nazarene, No. 1, gathered. A sum of more than \$86 was realized.

A charter member of the lodge, Mrs. Rose Peden, introduced by the Worthy High Priestess, Mrs. Margaret Lehome, declared the fete opened, and was presented with a corsage bouquet by co-

conveners, Mrs. Jessie Irwin and Mrs. Beth Alexander.

Decorated booths under the trees were convened as follows: Candy, Mrs. Christine Berry with Mrs. H. Finbow; fancy work, Mrs. Daisy Willaboy with Mrs. N. R. Kennedy and Mrs. Mary Bradley; home cooking, Mrs. Jean Gale with Mrs. A. Murphy; notions, Mrs. Katherine Wilkerson; grocery basket, Mrs. Isabel Allison.

Afternoon tea, served at small tables in the garden, was in charge of Mrs. Margaret Bland, the servituers, Mrs. Nettie Rolfe, Mrs. Katherine Kenney and Mrs. Cecelia Harrison. A bingo table was in charge of Mr. G. Kelman and fortunes told by Mrs. Vera Pipes. Mrs. Margaret Davey was at the gate.

I.O.D.E. FETE

More than 150 guests were welcomed to the annual garden party sponsored by Esquimalt Chapter, I.O.D.E., Wednesday afternoon, by Mrs. A. Warren Smith, chapter regent and gen-

eral convener, assisted by Mrs. G. P. Clarke.

Wide green lawns, overlooking the sea at the home of Mrs. T. Hadfield, Lampson and Munro Streets, created the picturesque setting for the attractive array of stalls and tea tables.

Mrs. C. T. Beard opened the garden fete and was presented with a bouquet of carnations by little Leslie Anne Gray. Special guests included Mrs. Walter C. Nichol, Mrs. J. L. Ford, and Mrs. Beard.

The head tea table was set in the rose-covered summer house; the centrepiece a bright blue bowl filled with deep pink roses. Mrs. Walter Laidler was tea convener.

Mrs. J. Bryant and Mrs. J. Corry were in charge of the home cooking stall with its delicious wares; Mrs. H. Baker and Mrs. A. C. Fulmer, fancy work;

and girls of the junior chapter, H.M.C.S. Naden, candy sales.

J. Bryant and T. Floyd arranged games and Mrs. J. Halstead managed the wishing well.

Mrs. C. L. Bishop convened the grocery basket, and the coffee table was in charge of Mrs. G. A. R. Steick. Mrs. C. Gibson managed contests.

Mrs. A. A. Warder, assisted by Mrs. W. E. A. Barclay, was in charge of gate receipts. The affair realized \$190.

Ellenor Stewart Now Mrs. Bob Empey

Nuptial vows were exchanged by Miss Ellenor Grace Stewart, daughter of Mr. and Mrs. Alex Stewart, 3482 Bethune Avenue, and Elmer Fay "Bob" Empey, son of Mr. and Mrs. Fay Empey, 631 Kent Road, Monday evening at 8 in St. Mark's Church. Rev. R. Willis officiated.

The bride, escorted by her father, wore a wine gabardine suit. Her accessories were in crisp white and her small white satin hat was trimmed with veiling. Yellow roses and white carnations were mounted on her white Bible.

Sisters of the bridal pair were in attendance. Miss Elaine Em-

pey wore a rust-toned suit and corsage bouquet of pale pink carnations and sweet peas. Miss Tess Stewart's suit was green gabardine and her corsage bouquet of yellow carnations and sweet peas. Both wore hats of pink blossoms and white veiling.

Ralph Comer was best man. Lorne Thornton and Morris Snider were ushers. Mrs. Thornton was soloist.

Guests were received at Hampton Hall. Dan Glancy proposed the toast to the bride's future happiness.

Pink and white candles decorated the table centred with the three-tier cake.

The bride added a white coat to her wedding ensemble for the motoring trip up-island. Mr. and Mrs. Empey will make their home in Victoria.

Personal Notes

Mrs. L. W. Foster, Medicine Hat, is a visitor in Victoria at present, staying with her sister, Mrs. A. McCarter, Summit Avenue.

Mr. and Mrs. C. D. J. Christie of Vancouver are vacationing in Victoria, the guests of Mr. and Mrs. George Lillie, Broughton Street.

Mr. and Mrs. G. E. Dowding, 1054 Tattersall Drive, have as their guests their son-in-law and daughter, Mr. and Mrs. Clyde Ellis, of Modesto, Calif.

Mrs. A. L. B. Alexander arrived in Victoria on Monday from Ottawa, where she has been living for more than seven years. For the present she is the guest of her mother, Mrs. R. J. Porter, Superior Street.

Christened in the family robe, the eight weeks-old daughter of Mr. and Mrs. A. W. O'Keefe, 643 Langford Street, received the names, Eileen Patricia. Following the ceremony which took place at Church of Our Lord, with Rev. E. L. Gordon officiating, a tea was held at the home of the maternal grandparents, Mr. and Mrs. G. Foster, assisted by paternal grandparents, Mr. and Mrs. A. H. O'Keefe. Mr. and Mrs. C. Ferguson, and Miss B. Bugslag were named as the baby's godparents.

Mrs. H. E. Wade of Thetis Island and Mrs. M. Doney of Galiano Island were here for the marriage of Miss Ellenor Stewart and Mr. Bob Empey Monday evening.

Miss Daphne Gill, who has just completed her fourth year dentistry at Toronto University, is in the city to spend the summer months with her parents, Dr. and Mrs. H. C. Gill, St. Patrick Street.

Mr. and Mrs. Thomas Stevenson, of Cranbrook, with Susan and Bruce, are holidaying in the city, guests of Mr. Stevenson's parents, Mr. and Mrs. Thomas Stevenson Sr., Queens Avenue. Arriving today from Williams Lake, also to visit her parents is Mrs. Douglas Stevenson with her three daughters, Elizabeth, Rhona and Jean. The Stevenson family plan to spend the next few weeks at their summer home at Cordova Bay.

Mr. and Mrs. Denis Mason Hurley entertained at their Shawnigan Lake home to honor Mr. and Mrs. C. W. N. Twite, of Shawnigan Lake School. Mr. Twite will leave shortly for Vernon where he will take up a position at the Vernon Preparatory School. Guests were Mr. C. W. Lonsdale, Mr. and Mrs. John Monteith, Mr. and Mrs. Alex Parr, Mrs. C. Griffin, Miss Pamela Griffin, Mr. and Mrs. Wray Granfield, and Miss Bimby Jackson and Miss Susan Stewart.

Many methods are used for preserving eggs. The flash hot treatment is a new process which will keep eggs fresh for a year or more. During this treatment eggs are dipped into boiling water for five seconds, then cooled immediately. A thin film of egg white cooks around the inside of the shell providing a protective coating.

Victoria Couple Wed In Vancouver

Phyllis Irene Dunn, daughter of Mrs. W. J. Bailey, 3221 Harriet Road, and formerly of Ottawa, and John West Mackintosh, son of Mr. and Mrs. John Mackintosh, 155 Passmore Street, were married recently in St. Paul's Church, Vancouver. Rev. Gower read the nuptial service. James Parlane gave the bride in marriage. With her chocolate brown gabardine suit she wore brown accessories and corsage bouquet of roses.

Maid of honor, Miss Margaret Koroluk of Vancouver, was attended in a pale blue gabardine suit and accessories in white. J. Parlane was best man.

Mr. and Mrs. Mackintosh returned to Victoria to make their home, following their honeymoon on the mainland.

Ripe olives and California green olives are popular picnic foods because they present no packing problems.

WHY ENVY
SMOOTH
CLEAR SKIN?

Your skin, like the soft, pink skin of a baby, loses its charm when over-exposed. To make and keep your skin whiter, smoother, fresher—use Mercolized Wax Cream. Its different action gently clears dull, lifeless, congested skin, fades freckles—reveals a skin that is baby-smooth, fresh and radiant. Your skin looks younger, firmer, has new allure. Mercolized Wax Cream has beautified millions of women. Sold for nearly 40 years at cosmetic counters everywhere.

It's so different today

Robin Hood and his Merrie Men had to score a hit with a bow and arrow or they didn't eat! To score a hit today shoot over to the grocer's for Post's Grape-Nuts Flakes—that convenient, ready-to-eat, easy-to-digest cereal made not from one but TWO grains—wheat and malted barley.

What a treat!—that gorgeous Grape-Nuts flavor in crisp honey-golden flakes. Good for young and old because Post's Grape-Nuts Flakes provide nourishment . . . useful quantities of carbohydrates, proteins, minerals and other food essentials. Served in a jiffy—eaten on sight. Ask your grocer.

150-YEAR-OLD RITUAL - Some 7,000 persons watched the blessing of the Gloucester County deep-sea fishing fleet, a 150-year-old ritual, at Lunenburg in northeastern New Brunswick July 3. This New Brunswick Department of Information photo shows part of the brightly decorated fleet of 43 vessels, which included 18 modern druggers, lying at anchor after the colorful ceremony was performed by Bishop C. A. Leblanc of Bathurst, N.B.—(CP Photo)

Two Atomic Officials Fail To Swear Loyalty To U.S.

WASHINGTON (UP)—Two recipients of Atomic Fellowships refused to sign oaths of loyalty to the United States, the Atomic Energy Commission disclosed today.

This was revealed when Senator William F. Knowland (R-Cal.) read a letter from commission general manager Carroll L. Wilson about the response of 497 fellows to the requests for the loyalty oaths.

Nineteen of the 497 fellows are still to be heard from. All others, except the two who refused, have signed the oaths.

One of the fellows who refused to sign the oath, according to Wilson, has been notified of the cancellation of his fellowship.

Commission officials declined to tell newsmen the names of the pair.

The letter was read at the joint atomic energy committee hearing commission chairman David E. Lilienthal's defence against mismanagement charges.

Ladysmith Man Recalls Early Days

LADYSMITH—Celebrating his 85th birthday today is James B. Weir, a resident of Ladysmith since 1899, who came here as a ship's carpenter to help build the coal wharf and bunkers for James Duismuir, and re-

mained to become foreman of construction. He held that position until his retirement in 1932. Mr. Weir recalled the early days of construction on the island and spoke of Fred King, company surveyor, Joseph Hunter, chief engineer on construction, and N. Seagram, on construction work. In those early days there were no houses, just bunkhouses and tents, Mr. Weir said.

ANSWER TO PREVIOUS PUZZLE

Many Factors Seen Against Maritime Provinces Fusion

OTTAWA (CP)—An External Affairs Department official said that "all kinds" of legal complications would arise if an attempt were made to amalgamate the three Maritime provinces, Newfoundland and the British West Indies into one big Canadian province.

He was commenting on a statement made Wednesday in an interview at Moncton, N.B., by Premier Smallwood of Newfoundland. Mr. Smallwood said he would like to see one seaside family—the four provinces and the British West Indies joined.

NO MOVE MADE

The Ottawa official said it was the first time he had ever heard the suggestion of such an amalgamation. He had heard at various times in the past years that the West Indies would like to join Canada. However, nothing along those lines had ever developed.

Mr. Smallwood said he was all in favor of Maritime Union. It would mean increased prosperity for Maritimers, partly because the greater province would constitute such a large trading area.

There has never been much serious discussion of the British West Indies uniting with Canada. The Caribbean colonies now are trying to throw out a constitution which would form the basis of a federation. Mr. Smallwood said this would be an ideal step toward later union with the Maritimes into one Canadian province.

Premier Jones of Prince Edward Island had long advocated Maritime Union—providing Newfoundland came in too. Now that Newfoundland is in Confederation, Mr. Jones believes his case is even stronger.

Premier McNair of New Brunswick has been non-committal about Maritime Union, but has noticed an increased degree of co-operation between his province and Nova Scotia.

The probable benefits of Maritime Union have often been discussed, but the possibility of actual union is another matter.

Border Crossing Offices At Blaine May Be Enlarged

VANCOUVER (CP)—A new \$300,000 customs house and enlarged car-handling facilities at Blaine, Wash., may soon result from action taken by Tom Reid, New Westminster's Liberal M.P. elect.

Mr. Reid wired Ottawa Wednesday asking the government to "proceed immediately" with the plans for enlarged customs facilities.

His message followed criticism here over the July 3-4 week-end tie-ups at the border station, 10 miles south of Vancouver.

Canadian cars were lined up for two and a half miles waiting to enter the United States on July 3. Customs officials have denied that some American cars were turned back to the U.S. because they could not be cleared.

Mr. Reid investigated the tie-up during the week-end at the border and described it later as a "very serious situation."

An Ottawa report said today that the federal Public Works Department now is considering the \$300,000 modernization plans at the border.

Ferry Slip, Store At Orcas Destroyed

ORCAS, Wash. (AP)—Fire destroyed a ferry slip and general store here Wednesday, and residents fought to prevent it spreading to other buildings in this small Orcas Island community. The blaze started on the ferry slip, shortly after departure of

a Puget Sound Navigation Company ferry.

Two hours later it had destroyed most of the ferry slip and a large general store owned by Mrs. E. C. Van Moorham.

There were small explosions as the flames reached gasoline oil drums.

Catsup**

...makes foods tastier
A pure catsup, like Aylmer, is wholesome eating for the children, say nutritionists. For Aylmer makes it "home-style" from Canada's finest, red-ripe tomatoes. Children love its "true tomato flavor" and need Vitamin C.

Spirited Action In Cadet Meet

Royal Roads track team yesterday amassed a total of 48 points in track and field program of inter-cadet unit games competition at Macdonald Park to give Canadian Services College possession of Rose Jeweller's trophy as aggregate champions. University, Naval Training Division No. 1 team finished on top in track program with 50 points, with Royal Roads second and U.N.T.D. No. 2 third with 33 points. U.N.T.D. points were divided by two to arrive at unit standing, making Royal Roads nominal games winners. Front row, left to right: Cadets Sweney, Gagnon, Taylor, Wilson, Szach, Reiffenstien; back row, McKenzie, Kirby, Kennedy, Kiar, Jones.

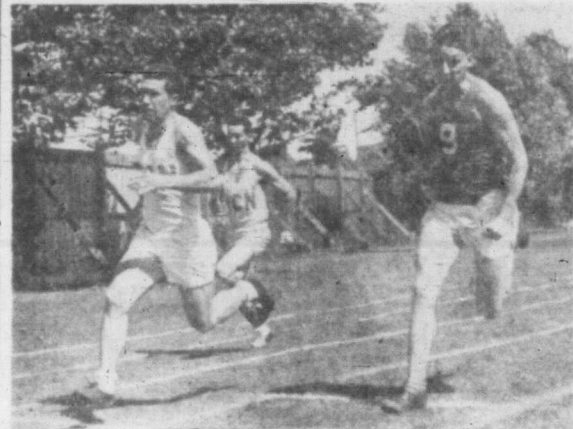

In a challenge tug-of-war between the Army and Navy, the soldiers won in two straight pulls. Army team shown making final pull, from left to right: Perry, Stafford, White, Galipeau, Rasmussen, Rusk, Dunphy, Beamish, Thomson, Nyhaug. SM. Stevens coached the winning R.C.A. unit from Work Point.

Hunter President Of Riding Club

Errol Hunter has been installed as president of the Lakeside Riding Club, it was reported today.

Others installed at the business meeting held at Thetis Lake club-room to appoint temporary officers were: Jim Humphries, vice-president; Ken Overton, business secretary, and Cedric Jones, recording secretary. Silnor Konkin was selected as chairman of the social committee with Vi Savage, Jackie Harper, Daryl Walker and Tom Konkin assisting.

Next meeting will be held Thursday and will be followed by a ride in the Gorge on the cruiser Linda. Volunteer help from members for erection of stables has been offered and construction will start as soon as the lot is completed.

Rounding the turn in the 220-yard dash, Cadets Kiar, Royal Roads, inside lane; Roberts, second lane, and Plotkins, third lane, are closely bunched. Clifford of C.G.T.C. (not shown) was leading race at this juncture, but Kiar came on to win, with Roberts second and Plotkins third.

Robinson, Hogg Spark U.N.T.D. Track Team

The Naval cadets of H.M.C.S. Royal Roads, Canadian Services College, went down to defeat in yesterday's track and field program of the inter-cadet unit games competition at Macdonald Park, bowing to University Naval Training Division No. 1 team from H.M.C.S. Naden, 50 to 48 points.

However, the 60 points awarded to the second-place unit gave the Royal Roads cadets a greater total than that compiled by the U.N.T.D. teams in the unit games grand aggregate, which besides track and field included football, softball and tennis. The winning margin in all sports combined was 15 points.

To the winning unit went the Rose Jeweller Trophy, a perpetual trophy donated by R. H. Rose. A suitably engraved cup of dubious nature was given to the unit for permanent possession.

WELL RUN MEET

The track meet was well organized and run with one exception in a splendid manner. The only flaw in the day's proceedings came in the running of the 440-yard relay when a collision occurred on the final leg of the event and after a discussion the two teams concerned, Royal Roads and U.N.T.D. No. 1, were ordered to re-run the race.

Sparked by the anchor performance of cadet Robinson, the U.N.T.D. squad won, reversing the original result. U.N.T.D.'s

Change Of Scenery Works With Cooper

All Walker Cooper needed was a change of scenery—or was it a change of managers?

Big Coop, who popped off publicly about his trials with the New York Giants under Leo Durocher, sounded off with his big bat yesterday for his new boss at Cincinnati.

Six straight base hits, including three three-run homers, added up to a big 10 runs batted in for the ex-Giant who went to Cincy for catcher Ray Mueller June 14. His hitting helped the Reds to a 23 to 4 landslide win over Chicago Cubs.

Since Coop left the Giants he has been nothing short of sensational.

Since joining the Reds, Cooper has boosted his batting average from .211 to .333. He has picked up 24 hits, including six home runs, in 72 times at bat.

All this thumping doesn't make much difference at Cincy, where the Reds have dipped into seventh place and are in danger of falling all the way to the basement. In New York, a Cooper hitting at that pace could have made a contender out of the fifth-place Giants.

The heavy firing in Cincy yesterday overshadowed the pennant race which almost—but not quite—resulted in a first-place bid. Brooklyn's one-game lead faded when the Dodgers lost to the Boston Braves, 7 to 5, but the runner-up St. Louis Cardinals blew a 3 to 1 lead in the last of the ninth and bowed to Pittsburgh, 4 to 3. As a result, the Brooks still lead by a full game.

HOMER BEATS DODGERS

Tommy Holmes sunk the Dodgers with his third homer in the last three days and helped Vera Bickford win his 11th game this season.

Johnny Hopp was the hero of the Pirates ninth-inning rally against the Cards. Hopp's single with the bases loaded scored two runs for Pittsburgh's fifth straight win.

Murry Dickson accounted for

his third victory with an eight-inning relief job. Dickson has lost 11.

Both Cleveland and Detroit lost ground in the race by dropping night games, but the distant Boston Red Sox pulled up even with the 500 mark by shutting out Washington, 5 to 0, in a game called in the fifth, due to rain.

Ellis Kinder held Washington to four hits as the Red Sox mauled Joe Haynes and Sid Hudson for eight hits.

Steve Souchock's double with the bases loaded in the eighth gave Chicago White Sox a 9 to 6 edge over Cleveland, snapping the Indians' five-game win streak. Satchel Paige was tagged with his fifth loss.

St. Louis Cardinals blew a 3 to 1 lead in the last of the ninth and bowed to Pittsburgh, 4 to 3. As a result, the Brooks still lead by a full game.

Sports Mirror

By PETE SALLAWAY

If Vic Buccola never gets another chance to manage a professional ball club, he can always look back on his short term as pilot of the Victoria Athletics. The popular first baseman must have derived a lot of personal satisfaction out of leading the A's to a record of eight victories in 10 starts. It was just fate that Earl Bolyard should arrive on the scene to take over the club the night they suffered a blanking at the hands of Bremerton. It was in the cards as the Victoria pitching staff was simply exhausted after working 11 games in seven days.

BOLYARD makes his first appearance at home with the Athletics tonight as the club opens a four-game stand against the cellar-dwelling Tacoma Tigers. During the next week Bolyard is going to have to make up his mind on his outfield combination. At the present time the team is carrying six outfielders, counting Al Drew, who fills in as a relief pitcher. Two of them will have to be cut out of the roster. It will be Bolyard's decision on who remains, and who goes. Meanwhile, we also hear that a new shortstop will arrive on the scene to replace the injured Russ Waiseth and that another starting pitcher will be added to the line-up. Begins to look as if the Athletics are going to have quite a ball club for the second half of the campaign.

DON'T be surprised if some changes are seen next season in regard to a couple of this year's Willy League clubs. Have it on reliable information that the Tacoma franchise, at present held by San Diego of the Coast League, is up for sale. So far the Tigers haven't drawn worth peanuts. Seems the fans of Tigerville just won't support a second division club and there is little chance of the Tacoma entry getting up the league ladder. Last count I heard was that business manager Enoch Alexson had put 33 players through the mill in an effort to bolster the club.

OVER in Bremerton president Bill Shepherd and business manager Alan Strang have to move the BlueJackets to another town. Big trouble is finding a spot to light. They would like to get a foothold in Eugene, Ore., but the present ball park is not available to pro baseball. There has even been talk of shifting to Bellingham, but there again it is a question if the W.L.L. club could get park accommodation. The Bremerton club must be hard put when it has to shift two of its home games to Vancouver. Both Tacoma and Bremerton suffer through the operation of a triple A Coast League club at Seattle. And this season the situation is worse with the Seattle Rainiers putting many of their home games on television.

Satan's Thrill Show Appears At Langford

There is nothing stunt men won't do to make a living. Take Stu Haas of Satan's Hell Drivers who puts his car through a blazing board wall and defies death for example. Two weeks ago at Salem, Stu earned himself the nickname of "Cooked" Haas. He received second degree burns about the mouth and nose and both wrists were badly burned, yet this iron-nerved youth refuses to miss a show.

With heavy scars not yet healed, Haas will defy death again Friday and Saturday at Langford Speedway with the Hell Drivers, direct from Hollywood, to put on a two-hour show. Busses will leave the Veteran Stage Depot, 728 Herald Street from 6:30 to 7 the nights of the show.

GOLF WINNERS In the twilight mixed foursomes held at the Uplands Golf Club, Mr. and Mrs. B. H. Anderson and Mrs. H. G. Carson and C. E. Revercomb tied for low net, with scores of 71's. Low gross honors went to Mr. and Mrs. Gordon Verley with an 81.

Revived Athletics Back Home Tonight

Victoria Athletics return home tonight sporting a new manager in Earl Bolyard and a record of six victories in their last seven starts.

The abbreviated road trip ended for the A's in Bremerton last night with little Jim Propst tailoring a handsome three-hitter against the Tars for a 5 to 1 triumph and his seventh win of the season since joining the club a little more than a month ago.

Tonight the A's open a four-game series under the arcs at Athletic Park with the slipping Tacoma Tigers the opposition.

In contrast to the A's upsurge, which in the last eight days has seen the club win nine of 12 games, the Tigers last night suffered their ninth straight defeat, a 12 to 1 lacing by the Vancouver Capilagos.

BLANKENSHIP RETURNS

Another favorite who will be with the now-athletic Athletics when they take the field tonight will be Joe Blankenship. Jo-Jo needs no introduction. He has been a fixture here since pro baseball returned to the city in 1946. Last year he won 23

games for the locals, setting a W.L.L. mark. In turning back the Jackets last night, Propst was in rare form. He gave up his only run of the game in the first inning when Walt Pockey singled home Charlie Bushong, who had walked. After that he shut the door, allowing just two more singles, another to Pockey and one to Lil Arnerich. He hurled hitless ball after the third, and struck out 11.

Frank Matoh, singled home Buccola with the A's first marker in the first inning and belted in another in the third, when the A's scored three runs. Frank Finnegan returned to the lineup last night and fell in with the victory march by hammering a colossal 435-foot home run. John Hack played shortstop in place of Russ Waiseth.

Charlie Balassi, coming out of his recent plate slump, led the Victoria 13-hit attack on Bob Pirack with three hits including a double and a triple. Buccola, Matoh and Hack each picked up a pair. In other W.L.L. games Yakima Bears stumbled to a 7 to 5 win over Spokane and Salem humbled Wenatchee, 16 to 5. At Wenatchee, Bob Hedington of the Senators hit a jackpot homer in the fifth inning and Jim Warner and Nick Pesut tapped four-deckers for the Chiefs.

APPEAL SUSPENSION

As a result of a dispute with the umpires last Saturday night, Jim Brillheart, Spokane manager, was fined \$75 and four of his players assessed fines totalling \$80. The Spokane Club said it would appeal the season-long suspension of shortstop Jack Calvey, whom league president Bob Abel accused of making a "farce of the game and manhandling an umpire during the squabble. Shore scores follow:

Yakima 7 30 9
Spokane 5 13 6
Duck and Torrey, Conant, Weaver
(6), Bishop (8) and Rossi.
Vancouver 12 16 1
Tacoma 1 6 2
R. Snyder and Sheely, Lazor, Johnson
(6) and Sheets.
Salem 16 14 1
Wenatchee 5 13 6
Osborne and Carlson, Prick, Faber (7)
and Pratt.

Unless the Seattle Rainiers can find some miracle cure in manager Jo Jo White's medicine chest, they stand to lose their grip on second place in the Coast League.

The Rainiers are now embarked on what might be construed as a full fledged losing streak. Nobody, least of all Jo Jo, has been able to name the mystery malady. The Sacramento Solons handed Seattle its fourth straight setback last night, a 5 to 3 ritual performed largely by Walt Drope and Jim Tabor. Drope drove in three Solon runs with a single and a double, while Tabor batted in the other two. He collected a single, a double and a triple in four trips.

The defeat put the Rainiers nine games behind the Hollywood Stars, who beat San Francisco.

The Twinks belabored the Seals for 16 hits and a 12 to 0 victory. The process was swift and thorough, with Pinky Woods pitching the shutout. Once again San Diego arises as a contender for the number two spot, the focal point of interest in the pennant race. The Padres shaded Portland, 3 to 2, in a pitching duel between Hal Saltzman of the Beavers and Lyman Linder.

Three costly Portland errors paved the way for their defeat. Sacramento 5 9 0
Seattle 3 9 0
Gillespie and Raimondi, McCall, Rogers (3) and S. White.
Los Angeles 3 8 3
Oakland 17 17 1
Carmichael, Cables (6) and Malone, Nelson and Kerr.
San Francisco 6 7 3
Lind, Brewer (7) and Parter, Woods and Sankoff.
San Diego 3 7 1
Portland 2 7 7
Linder and Ritchey, Saltzman and Gladd.

Victoria Woman Tells How Eagle Caught Bare-Handed

It took an American, now dead, to break the five-year silence of a Victoria woman on the story of how she caught a live eagle with her bare hands.

The Victorian is Mrs. J. H. Parham, 1012 North Park Street, whose remarkable feat of capture is recounted in the "Believe It or Not" feature of Robert Ripley, who died last month, but whose syndicated feature still is being carried in many newspapers.

Questioned about the incident today, Mrs. Parham said it is just as easy to hold a live eagle in your bare hands as it is to hold a chicken, providing, of course, you know how to do it.

The eagle, with a wing span of six feet, six inches, was caught by Mrs. Parham in 1944 in the poultry yard of her Braefoot farm, where she formerly lived. The bird, apparently waiting to pounce on a fat chicken, was taken by surprise when Mrs. Parham turned up to release her chickens from the pen.

Th bird, which was unable to take off there, and then due to a

long elm branch stretching over the pen and a wired fence, tried to make its escape in the direction of Mrs. Parham.

"As it rose off the ground I caught it by the feet," she said. "I didn't know at the time it was an eagle. I thought it was a hawk."

In drawing his cartoon, Ripley made the mistake of illustrating Mrs. Parham holding only one leg of the eagle.

Mrs. Parham said she held on to its two legs which prevented the bird from either using its beak or its claws.

"If you have been handling poultry for any length of time," she added, "you get accustomed to grabbing birds by their legs. It comes naturally."

Mrs. Parham said she carried the bird to an empty chicken coop, where she placed it. It was identified later as a Golden Eagle.

She said she informed her son serving in the armed forces in North Africa of the incident, who later requested her to send the story to Ripley.

Alcan Officials Expected Here In 10 Days To Talk Water Costs

Officials of the Aluminum Company of Canada Ltd. are expected to come to Victoria toward the end of next week to negotiate with the provincial government an agreement for the water rights for the company's huge proposed development near Kitimat.

Provincial government officials said today that a party of engineers, company officials and representatives of the government would leave here next Tuesday for the north to look over the site. It is expected the tour will take four or five days. After that the company officials will come to Victoria to talk business.

It is expected that the price that the aluminum company will pay the province for the water rights will be decided at the discussions here.

Provincial government officials said that the studies of the proposed development to date are encouraging and the big problem of the company now is financing. The project has been estimated to cost between \$350,000,000 and \$500,000,000.

The survey which is now proceeding at the power site and townsites are designed to provide

information to put before financial interests, one government official said.

While last year representatives of the Reynolds Metals Company, a big aluminum firm of the U.S., came to British Columbia to discuss possibilities of establishing a plant here, no further word has been heard from this company. The firm envisioned a development similar to that of the Canadian company, using British Columbia's huge hydro-electric power resources, but the company was told that Alcan had the first choice because it was the first in the field.

Although there has been no further formal discussion between a second big U.S. aluminum company, the Aluminum Company of America, with the provincial government officials, it is understood here that this firm is proceeding with surveys in the Skagway-Atlin Lake area. Alcoa also envisions a development of similar size to that planned by Alcan using the waters of the Atlin Lake system which straddle the B.C.-Yukon border. One proposal was, however, that the Alcoa plant would be near Skagway, on U.S. soil.

Seek Modernization Of 'Phone System

Members of the Cordova Bay Community Club feel Greater Victoria's telephone system should be modernized before telephone rates are increased.

At the monthly meeting Wednesday night in McMorran's Pavilion, the club decided to notify the Public Utilities Commission of its views.

It will ask the commission to withhold approval of the company's application for increased rates until such times as modernization of the present system has been carried out.

May New Car Sales This Year Almost Double Last Year

New car registrations in British Columbia during May of this year almost doubled those for May of last year, the superintendent of motor vehicles reported today.

During May of this year 2,242 new cars were registered compared with 1,247 for the previous May. Registrations in May of this year were up by more than 100 over April of this year.

The superintendent's report showed only a slight gap in new registrations of commercial vehicles in May of this year over May of last year. On the other hand used car registrations were down by a considerable amount.

The latest total for motor vehicle registrations in the province show 122,539 vehicles licensed to operate in British Columbia. This compared with 172,145 at the same date last year.

More than one British Columbian in four now is licensed to drive. The latest total is 253,898 drivers' licenses issued. This compares with 231,950 licensed at the same date last year.

Board Appoints Officers In Four Mainland Disputes

The Labor Relations Board today announced appointment of conciliation officers to help solve four mainland disputes.

The appointments are: A. C. A. Baker, Kelowna, for a dispute between the United Packinghouse Workers of America Local 339, representing 125 employees of the Canadian Canners (Western) Ltd., Kelowna. The dispute involves wages, hours of work, pay for statutory holidays and seniority list.

Mr. Baker for a dispute between the Osoyoos Co-operative Fruit and Vegetable Growers Association and the same union, representing 150 employees requesting increased wages and vacations with pay.

J. T. W. Place, Vancouver, for a dispute between the Silver Standard Mines Ltd. and Silver Standard Mine and Mill Workers' Union Local 898, representing 40 employees. The dispute involves wages, hours of work, overtime pay and union security.

R. Forgie, Vancouver, for a dispute between the Greater Vancouver Plastering and Lathing Contractors' Association and the International Hod Carriers, Building and Common Laborers Union Local 602. The dispute involves a wage scale.

At the same time the board announced completion of an agreement by the Sorg Pulp Co. Ltd. and the International Brotherhood of Pulp, Sulphite and Paper Mill Workers' Local 297, Port Mellon. Under the new agreement wage schedules have been standardized with the rest of the industry and the night shift differential has been increased from 4 to 5 cents per hour. Employees will receive pay for two statutory holidays and employees with more than five years' service will receive two weeks' vacation.

R. G. Clements assisted the two parties in reaching the agreement.

To Address Chamber

D. C. Knapp, executive secretary of the Pacific Northwest Trade Association, will address directors of the Victoria Chamber of Commerce at a meeting to be held Tuesday afternoon at 3.30.

A new ruling, designed to promote better attendance at directors' meetings, will restrict the duration of future meetings to one hour.

\$15,000 Addition Adventist School

A \$15,000 addition to a Seventh Day Adventist school at 1462 Hillside Avenue was authorized by the city building inspector today. Work is expected to start immediately on the addition. Oliver Johnson, Vancouver, is the contractor and D. C. Frame, Victoria, the architect.

TO ENGLAND, IN SIX WEEKS—These two brothers—Stanley and Colin Smith of Yarmouth, Eng.—now are on the Atlantic in their 26-foot homemade yacht bound from Halifax, N.S., to England. They figure the voyage will take about six weeks. They want to prove they can build ships that "can take it." If the trip works out, they'll sail the Nova Espero back to Halifax and go into the small boat-building business. Their father was a designer and builder of boats. "Safe as a church," the boys say of the Nova Espero. (CP Photo)

Pianist, Violinist Open Summer School Concerts

By AUDREY ST-D. JOHNSON

The first of the series of morning concerts sponsored by the Summer School of Education, presented Phyllis Cook Taylor in a piano recital Monday in the Victoria High School Auditorium.

Premiering a virtuoso, with a masculine style and power, Mrs. Taylor was at her best in the final group, which included a Liszt transcription, and the pyrotechnical Hungarian Rhapsody No. 11. The passionate energy of this last number was given full exploitation, with particularly impressive octave passages and tempo.

A Chopin group was highlighted by a stimulating performance of the G minor Ballade. But the artist's approach is too vehement, too dominantly technical for the tender, romantic Chopin and all its subtle delicacies of expression. The result is, even in the virtuoso compositions, an unbalanced interpretation that gives us all too brief an account of the poet in the music.

Mrs. Taylor is, however, an exciting and vital pianist whose

technical attainments are far beyond the average. Her large audience of teachers and visitors gave her a well-earned ovation.

This morning, Elfreda Sewell, leader of the second violin section of the Vancouver Symphony Orchestra, appeared in a program of violin solos. Miss Sewell has a warm and bright tone and plays gracefully, using her bow with particular effectiveness.

Precise musical detail, nice tonal color and good contrasts made the program, basically well chosen, lively and interesting throughout. Miss Sewell appeared equally at home with such diversities as the moody Hungarian Folk Tunes and the classic Handel-Harty Passacaglia.

With Phyllis Schults, her accompanist, handling the piano part tastefully, the Mozart G Major Violin Sonata was an artistic, nicely-proportioned performance. The beautifully restrained sentiment and emotion that is nevertheless deep and sincerely expressed in the Mozart Sonatas was evident in the playing of these two artists.

Complains Of Smoke

Immediate steps to correct a smoke nuisance alleged to the Empress Hotel laundry on Douglas Street were asked of the city today by a Blanshard Street resident through counsel, Patrick J. Sinnott.

Mr. Sinnott said suit from the laundry chimney filters into homes in the vicinity and had damaged the interior of his client's home. On top of this, his client wanted to paint the exterior of her house, but because the smoke nuisance was continuing this was out of the question.

Cherries Plentiful

City wholesalers expect cherries to last just about one more week.

Both Bing and Lambert varieties now are at the peak of the season. Prices this year are lower than last.

Seedless grapes are on the market in limited quantities. Dealers say they do not have sufficient U.S. funds to bring in enough to meet the demand.

A shipment of large-size California grapefruit arrived in the city Wednesday. An expected shipment of bananas failed to arrive. The fruit will be short next week. Next shipment is expected Wednesday.

First new-crop apples will arrive Friday. They will be an early cooking variety.

Margarine Believed To Have Cut Butter Sales By 25 Per Cent

Introduction of margarine into British Columbia has cut butter consumption, by an estimated 25 per cent, it was learned today.

The estimate was made by F. G. Wasson, dairy commissioner for the provincial agriculture department. He gave the estimate as a guess.

Mr. Wasson reported, however, that throughout Canada consumption of margarine seems to have declined since it was first introduced. He said he believed that this held true in British Columbia.

Bute Inlet Forest Fire Burns 2,500,000 Board Feet Of Logs

A forest fire, raging over 150 to 200 acres near the Fawn Bluff Logging Company camp, Bute Inlet, has burned 1,000,000 F.B.M. of cold-decked timber, 1,500,000 feet of felled and bucked logs and destroyed a donkey engine, the B.C. Forest Service reported today.

The fire broke out Tuesday and raged out of control earlier today but it is believed it now is under control. It is expected that a considerable part of the felled and bucked logs will be salvageable but that the cold-decked logs will be a total loss.

Full details on the fire were lacking today at the B.C. forest service headquarters here. But the report that only 15 men were fighting the fire indicated that the blaze now must be largely spent and under control.

A new fire on Cortes Island in the property of the Hansen Bros. and Hayes company was reported today to be tentatively under control. Eight acres in

extent, it is being battled by 44 men as well as the company's crew. Details on what, if any, damage has been done by the fire were not immediately available here.

The Cortes Island fire was one of five new fires reported today. The other four, all spot blazes on the Pacific Great Eastern Railway, have been extinguished.

Both the fire on the Silver Skagit Logging Company's operation southeast of Hope and the Waddington Channel blaze, first reported Wednesday, today are under control. The Waddington Channel blaze has burned over 30 acres, including some felled and bucked timber.

Elsewhere in the province 20 minor fires are burning, all under control.

To Present Musicales At Art Gallery

The music of Haydn will be the feature of a recordings session at the Arts Centre Gallery at 823 Broughton Street, Friday afternoon from 12.15 to 1.15, Mrs. Ethel Wilson is in charge of the musicale.

The exhibitions committee of the centre is busy arranging shows as far ahead as possible. For the week of July 12 to 16 an exhibit of 30 photographs will be open to the public by Ken McAllister, Victoria.

The following week, Baron Knop, now of Metchison, will provide a set of his paintings. The hours of the gallery are 11 in the morning to 5.30 in the afternoon Tuesday to Saturday; Saturday evenings 7.30 to 9.30, and official openings Tuesday evenings at 8.

Leaver officiating.

DEATHS

ANDERSON—Passed away on July 5, 1949,
at the Royal Jubilee Hospital, Thor-
nton K. Anderson, aged 89 years,
of 2221 Fernwood Road, born in
Scotland and a resident here for the
past 50 years. He was married to
his wife, Margaret, who died in 1934.
He is survived by his daughter, Miss
Ruth Anderson, at the residence, also
deceased and buried in Victoria, Ore.,
and in Manitoba. He was pre-deceased
by his wife, Margaret, who died in
March 23, 1948, and his son, James,
in 1939. The late Mr. Anderson was
a member of Victoria Lodge, No. 100,
A.O.U.W. since 1901.

Funeral services will be held on Fri-
day, July 8, at 2.30 p.m. in McCall
Brook Funeral Chapel, Rev. R. H. Brown,
pastor of Seattle, Wash., will officiate.
Interment in the family plot in Colwood
Burial Park.

DUKE—On July 5, 1949, at the residence,
Kingsgate Road, Cherry Point, B.C.,
Richard Frederick Duke, in his 54th
year, "retired" husband of Elizabeth
Duke, born in Lionesshead, Ont.,
and had been a resident of Victoria,
Alta., for 32 years before coming to
Columbia Hill district five years
ago. Besides his wife, he leaves a
daughter, Mrs. Charles Britton, in
Ontario.

Funeral from Hayward's B.C. Funeral
Chapel on Friday, July 8, at 10 a.m. Interment
in Royal Oak Burial Park.

FEODOROFF—At Victoria, B.C., on July
4, 1949, Mrs. Evonne Feodoroff, in
her 51st year, widow of the late
George Feodoroff of Kelowna, B.C.
She was born in France and a resi-
dent of Kelowna for many years, be-
fore coming to Victoria one month
ago, survived by her husband, son
and one son, Bernard, of Kelowna.
Prayers will be offered in the Thom-
son Funeral Chapel, Friday, July 8,
at 7 p.m. and funeral services will
be held in the Victoria C.-N. Interment
on Saturday morning, July 9, at 10 a.m. Interment
in the Colwood Burial Park.

OUR 18TH YEAR

OAK BAY

Excellent Value!

THREE YEARS OLD

This stucco bungalow, built by one of Victoria's leading contractors, offers everything in comfortable living. Large entrance and through hall, spacious living room with open fireplace, guest-size dining room, two lovely bedrooms with walk-in closets, smart bathroom, streamlined kitchen with tiled sink, snack-bar and breakfast suite in red leather, wired for electric range, and off is a fine laundry room. High daylight basement, fully lined, hot-air furnace and drive-in garage.

Price \$10,500

1031 TATTERSALL DR.

Exclusive Listing

This home has been occupied by one family only, who had it built to N.H.A. specifications, a few years ago and now in new condition, in fact it is absolutely immaculate. You can move your furniture in today and start living, not five years to spend on decorating. Five large rooms, entrance and through hall, four-piece Pembroke bathroom, a beautiful plaster job and quarter-cut oak floors. Properly finished room in the basement, fireplace, laundry, dryers and playroom. This home must be sold as owner has left the city. \$5000 mortgage, low repayment. OFFERS INVITED.

CITY High Location

THREE YEARS OLD AND LIKE NEW Well-constructed and well-planned home. Built by a contractor for his own home. SIX GRAND ROOMS plus a large unfinished attic space for two or three more rooms. The staircase, windows and fittings, etc., are installed new. Through hall, very nice living room, fireplace, wood-paneled dining room, oak floors; two large bedrooms and another smaller bedroom that could be a den or office. The kitchen is most modern and complete, featuring a built-in electric range, tile sink, extra cupboard and fine cabinet work, inlaid oak, high-cupboard, high-cupboard, Pembroke bathroom and a very pretty easily-maintained garden. You could not build this home for the price asked. Let us show you this for around \$10,500

'Snow' Now In Script Of Crew On Location

During the first day of shooting "The Return of Wildfire," Screen Guild release now showing at the Plaza Theatre, an amusing problem presented itself.

The company had set up cameras on location at a ranch near Hollywood and were about to begin their first shots. Suddenly the air was filled with small white particles which looked very much like snow. The particular scene about to be filmed was intended to be on a clear, sunny morning.

The origin of the snow was discovered to be a large heap of -fuzzy- white particles just around the corner of the building. It was learned that another company, shooting nearby the previous day, had used "snow"

in one scene and had neglected to dispose of it when finished.

CAPITOL THEATRE

In Hollywood life can begin at 60—providing you've still got a sharp tongue in your mouth.

Such is the lesson learned from the screen's newest feminine acting discovery. She's 60 years old, but that didn't stop her from being prominently cast with Robert Taylor in the new M-G-M offering, "The Bribe," now being shown at the Capitol Theatre.

Alice, the new actress, furthermore could be depended on to have the last word in each of her scenes, whether or not the script called for it.

FOX THEATRE

The feature today is the delightful comedy "Don't Trust Your Husband," based on the innocent affairs of a husband and another woman, and the role is played as only Fred MacMurray could do it.

Your Baby And Mine

MOTHER'S ATTITUDE WILL INFLUENCE BABY'S APPETITE

By MYRTLE MEYER ELDRED

A parent's feelings are accurately communicated to the baby, even if she feels she is covering up ably. In that three-times-a-day ceremony of feeding, she has ample opportunity to experiment and recognize how quickly her child will react to her own emotions.

Many a mother puts food before her child as if, having cooked and served it, her part has been done. But it is the way in which she proffers it to the child that makes it seem interesting and appealing, or something to be pushed aside because Mommy evidently has no use for it.

This is just an addition to the well-known fact that if Daddy doesn't like rice pudding it is pretty futile to try to get his son interested in it. It is the observation of individuals concerned with children that a mother's frowns, her obvious anger, her disinterest in the ceremony, ruin the child's appetite for what he is eating. He may not know how to describe his mother's emotions, but he is perfectly aware that she has them and that he is influenced adversely by them.

There are too many children who do not thrive despite good diets. They are peevish and irritable. They push away food and thus give the mothers a real cause for being upset.

Other mothers use the feeding time as an opportunity to get in a few surreptitious squeezes while the baby nurses or takes the bottle. She gives the baby his food with an air of, "Here, darling, is something you are going to love," instead of, "There, stop your crying, this will hold you for a while." And don't tell me the baby doesn't know the difference!

It is only when the mother has given the baby an opportunity to eat the best food and has served it to him with the smile she would reserve for royalty, that she can, with perfect aplomb, see him accept or refuse it. She knows, then, that it is because he isn't hungry, or doesn't feel well, and not because

her own emotions have flavored it unpleasantly.

But, if she has fed him with an air of, "Oh, what a bother you are and how glad I'll be when you are old enough to feed yourself," she may have real cause to worry. Then she has given the child nourishment with an accompanying flavor that makes it literally impossible for him to swallow.

Our leaflet No. 35 "Poor Appetites," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Donald Crisp Co-starred In Film Now At Atlas

One of Hollywood's most outstanding character actors, Donald Crisp, is co-starred with Alan Ladd, Robert Preston and Brenda Marshall in Paramount's "Whispering Smith," which marks Ladd's debut as a western hero and also his initial appearance in Technicolor.

Now at the Atlas Theatre, "Whispering Smith" concerns the exciting activities of a soft-spoken, half-hitting railroad detective who has the rugged job of tracking down train wreckers and looters.

Thriller Opens Friday

"The Undercover Man," Columbia drama of the inside story of a great U.S. criminal investigation, opens tomorrow at the Odeon Theatre. Glenn Ford is starred in the title role. Nina Foch is his chief support and James Whitmore and Barry Kelley also importantly cast.

ROYAL THEATRE

It is graduation day for Clifton Webb, taking place on a sound stage at Twentieth Century-Fox where the star of "Mr. Belvedere Goes to College," now at the Royal Theatre, receives his diploma.

With lights adjusted, and the cameras ready to roll, the suave, sophisticated Webb looks very much the part of the genius Belvedere, who has completed four years of education in two brief semesters.

Where To Go Tonight

(As Advertised)

ATLAS—"Whispering Smith," starring Allan Ladd and Brenda Marshall.

CAPITOL—"The Bribe," with Charles Laughton and Ava Gardner.
